Furniture For Growing Minds

# Fern Kids works closely with architects, designers, schools and institutions to design and manufacture incredible kids spaces and features

By sharing our decades of knowledge and offering our shop as a resource, we collaborate on incredible kids experiences.

**Preston Stringer**  
Founder - Design and Project Development

**Kyle Bauman**  
Founder - Production Director

Fern Kids was founded in 2020  
by Preston and Kyle, two friends committed to creating natural  
and sustainable kids furniture and projects.

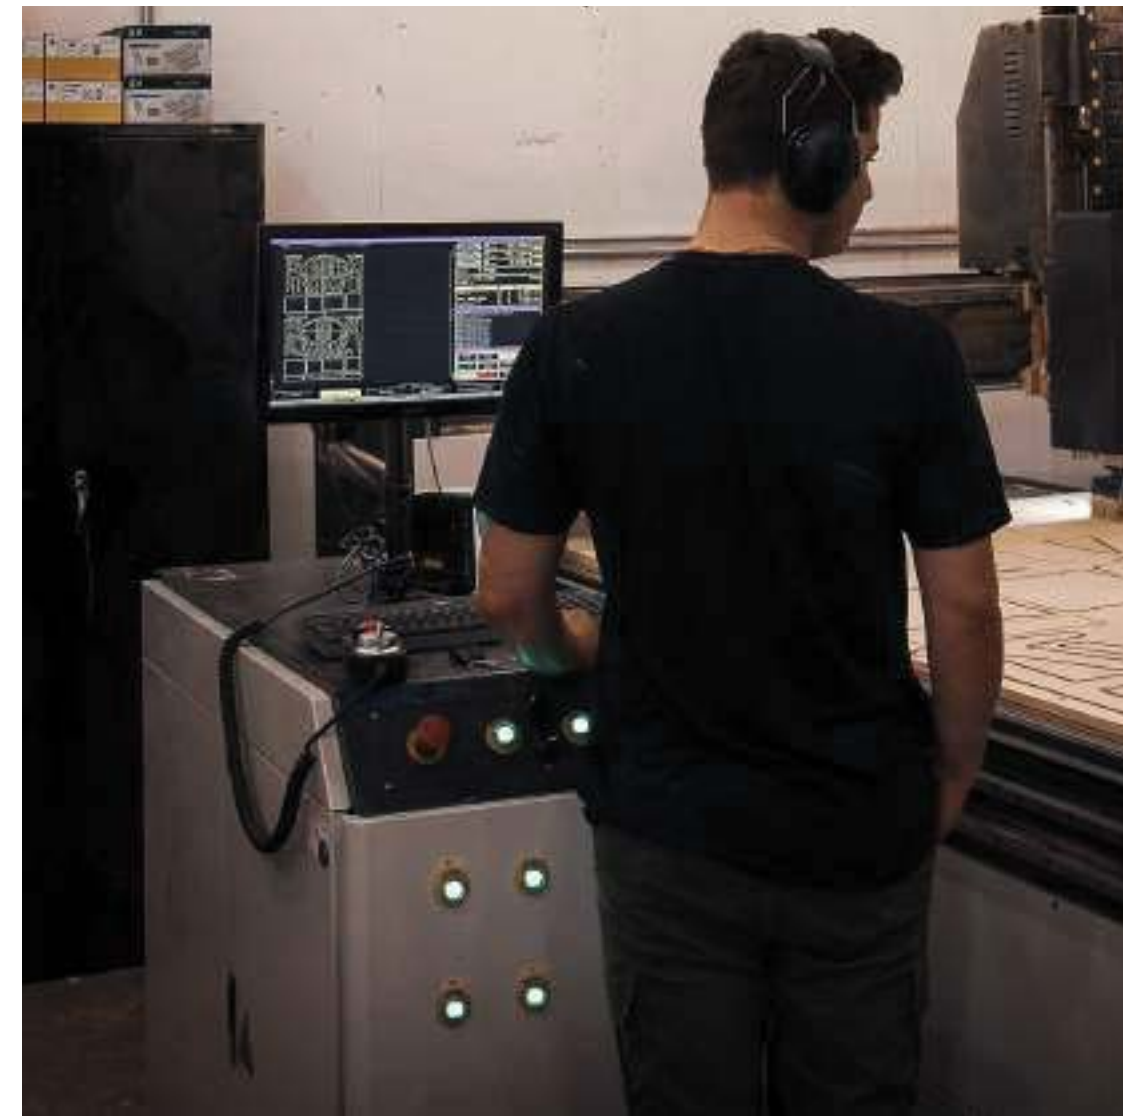

Drawing inspiration from the Montessori and Waldorf  
educational philosophies, we embraced the importance of  
natural materials, simplicity, and child-led learning.
