koa

With its organic shapes, Koa brings each space to a new level. Paired with the perfect upholstery, Koa can bring a design to life, representing the individuality of pebbles within a regolith. Koa is all about being unique and abstract, allowing each space to create its own identity.

flexxform

Design

Koa features natural, organic, shapes that don't follow the norm. Free-flowing and abstract Koa graces environments with a trendy, minimalistic vibe that gives the space a sense of identity unique to that area. Choosing the right upholstery can bring these pieces to life. Koa creates a work of art while providing a comfortable space to sit.

Performance

All of the foam components are environmentally friendly and California TB117 compliant

India Tape is utilized in the seams to ensure Koa is kept bed bug proof

Koa's frame is constructed of solid Canadian hardwood with plywood components

All joins in the wood are glued and stapled to double the strength

Carnegie Labyrinth | Carnegie Zest

Koa Collection

Designed by Flexxform's Designers

Koa was born from conversations with interior designers. Their vision for multifamily purpose ottomans became a reality when they shared their ideas with Flexxform's in-house designers.

Not only interior designers, dealership designers, salespeople, architects, and more have come to Flexxform with a vision, which we then translate into a physical piece.

Flexxform designers are all about ensuring Flexxform products are built to exceed standards and fill needs. With the team made up of a combination of Portuguese and Canadian backgrounds, Flexxform's design team brings the European flare with North American quality to every design.
