

Strive[®] Nesting Chair

fast-paced mobility and flex-back comfort

Furnishing Knowledge[®]

Strive® Nesting Chair

Ideal for fast-paced learning and training spaces, Strive nesting chairs combine versatile mobility and flex-back comfort. No need to lift and stack these chairs. Just flip-up the seat and conveniently nest them for simplified storage or relocation.

Strive's simple flex-back design encourages movement, relaxation, and enhanced circulation. The radiused back conforms to your back and the contoured seat dissipates pressure points.

Strive redefines value by combining readily available, recyclable materials and a small number of components into a versatile, ingenious design. It offers good looks, comfort, affordability and durability.

Available in poly or upholstered seats with arms, tablets or armless.

Designed by Giancarlo Piretti.
