

Value Series

Description:

Our Value Series lighting is both compact and functional. An all new upgraded sleek design allows for easy rotation to focus the light where you want it. A simple 'no-touch' wave activated on/off and dimmer make this the best value in under cabinet LED lighting options. Optional daisy chaining for up to two additional lights makes it useful for just about any application. With its built in 12 hour auto shut off function you can rest assured no energy will be wasted by leaving the lights on.

Specifications:
