

Focus[®] Side

SitOnIt • Seating[®]

Where comfort, style and ergonomics converge.

LEFT TEXTILE: Clear Maple (back), SitOnIt Seating Element Chalk (seat)
RIGHT TEXTILE: Momentum Dive White

Focus Side

The four-leg chair, bar and counter stools come in mesh, wood or upholstered back styles. All of our Focus® Side chairs feature a wall-saver frame that helps protect surrounding surfaces.

TEXTILE: Freeway (back), Momentum Free Pearl (seat)

Focus on #1

The revitalized Focus Side combines comfort and design for lobby, office or reception areas. Focus Side is part of a broad and versatile collection that includes executive and task models.

TEXTILE: Sand Mesh (back), SitOnIt Seating Element Chalk (seat)

TEXTILE: SitOnIt Seating Element Onyx

Focus on Style & Ergonomics

Choose the four-leg side chair, bar or counter stools in three back options – mesh, upholstered and wood. Two different frame finishes black or silver complete the look. A waterfall seat, molded foam cushion and back support ensure comfort.

Standard mesh back colors:

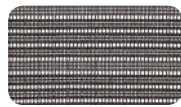

Black

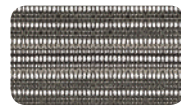

Sand

Slate

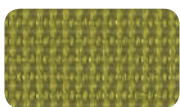

Freeway

Impress

Additional mesh back colors for Focus Side from the Amplify collection.

Apple

Aqua

Nickel

Onyx

Tangerine

TEXTILE: Momentum Medley Silvered

Focus Side Upholstered

The upholstered Focus Side is the perfect counterpart for the Focus Work task chair. The super-comfortable back and upholstered waterfall seat naturally conform to the body, promoting good circulation and posture. Use the same textile for both seat and back, or create a statement with contrasting fabrics (including vinyl and leather). With thousands of textiles to choose from including CAL 133-approved fabrics—there's no end to what can be done!

TEXTILE: Momentum Dive White

TEXTILE: Clear Maple Wood (back), Momentum Solace Pear (seat)

Focus on Frames

Focus Side gives designers great customization options including two frame finishes—black or silver. Pair it with one of our thousands of textiles, choice of 15 mesh colors or with a sculpted wood back. With all those choices, a chair's frame can be the unifying detail that brings a room together.

Focus on Wood

Designers can specify the Focus Side chair and stool with either a solid or slotted wood back. The Focus Side wood back combines elegant design and remarkable comfort in a multipurpose chair for break rooms, dining areas and collaborative spaces.

Focus on Comfort Curve

Comfort Curve accommodates different body sizes with excellent lower back support for a truly ergonomic and comfortable sit. Thinly-sliced wood veneer is cut into small strips, then molded in a vacuum press. The resulting three-dimensional shape—used in many luxury car interior components—is lightweight and flexible, yet strong and durable. 3-D veneer technology results in a continuous, extremely stable plane, with the wood grain flowing along the contour of the back.

The nine-layer, all beech, 3-D veneer back is lightweight, field-replaceable and built to withstand heavy use in high-traffic areas.

Focus on Options

Focus Side is all about choice. Start with 15 vibrant mesh colors, two wood back styles or upholstered back. Choose a silver or black frame. Go armless with glides or add fixed loop arms and casters. Thousands of upholstery options add up to plenty of design options from healthcare to educational and corporate applications.
