California born and bred

For 20+ years, we've been the go-to destination for built-to-order seating because we combine award-winning design with the fastest lead times around. Customizing is oh-so-easy with our industry-leading visualization tool — ChairBuilder®. We can build almost any specification you want, deliver it when you need it and offer a price no one can match. It's all part of our indie California spirit and drive to help you innovate and inspire.

Lecture + Learning

In the evolving world of education, some things never change. The classroom continues to be the place where students have their core educational experience. But even a tried-and-true institution doesn't have to be old school. The future of learning is active, engaging and always moving forward — and the solutions should be, too.

Highlights:

Ensure smart seating for those who are constantly in motion. Promote productivity with design that doesn't get in the way of learning. Equip the next generation of students with a new generation of products.

Group + Collaborative

Teaming up leads to opening up — new horizons, possibilities and more. From group projects to casual study sessions, the ideas and inspirations that flow when we come together can unlock endless potential for enlightenment. That's why spaces made for collaboration need to create flexible comfort across the board.

Highlights:
Encourage collaboration with easy-to-use products. Provide responsive, agile solutions for groups of any size. Offer sharp seating you can stack, shift, share and more.

Highlights:

Engineer spaces focused on experiences and experiments. Create versatile utility with stools, nesters and more. Elevate active learning environments with high design and performance.

Makerspace + Lab

The progression from what you learn to what you know often happens when you're able to try out and tinker with ideas. Spaces dedicated to turning hypotheses into theories need solutions that can keep up (and stand up) to the demands of hands-on learning with unmatched agility, adaptability and durability.

Highlights:
Offer ways to lounge endlessly and organically. Bring a bit of home to school with residential-inspired comfort. Make it easier to sit and study at any time or place.

Common + Transitional

From class to group to lab and back, student life means moving from place to place and space to space. When you provide collections that can share function (and ideas), you integrate seamlessly with the pace of learning and offer comfort on the go.

Café + Dining

A break in the day is always welcome. And for students, this intermission has only one mission: to refuel and recharge. These high-use, function-forward areas on campus can be about comfort and style as much as they are utility — especially when they include high-design, highly durable solutions.

Highlights:
Infuse elevated design and customization into functional destinations. Curate across collections and build even more ways to take five. Deliver day-in and day-out durability without compromising comfort.

Social + Casual

It's finally time to relax when the last bell rings and all work has been done (or put off until tomorrow). After a productive day of lectures and labs, students can always use a place to unwind. Areas for lounging need something that can respond with extra versatility, style and comfort.

Highlights:

Rest easy with flexible design and durability. Get together with comfort that lasts as long as you need it to. Stay connected with a variety of plug-in power options.

Faculty + Administrative

In front of the class or behind the scenes, there's a lot that goes into learning. That's why the spaces that support the business of education — from private offices to conference rooms — need the kind of innovative, well-engineered products you find in any corporate environment.

Highlights:

Build out spaces by bundling with our desks and accessories. Choose from airy meshes, featured fabrics, lush leather and more. Provide the same all-day comfort away from student spaces.

Customization + Turnaround

Fastest shipping in the industry

Choose from 2, 5 or 10-day shipping.

We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match. From start to finish, we maximize efficiency in every single area — whether it's sourcing and logistics or assembly and production.

Options for days

Settle into custom comfort and not on choice with the biggest textile program in the industry. Choose from over 15,000 options graded-in (and 1,000+ ready to ship within 10 days), including moisture barrier and dual upholstery pattern-match options.

Design with ChairBuilder®

Create your very own seating solutions with ChairBuilder — the industry-leading specification and visualization tool. See your designs come to life in real time with 360-degree, high-resolution images and access to our extensive collection of carded textiles.

Visit www.ChairBuilder.com to get started.

Social Responsibility + Sustainability

We demonstrate our belief in being a good corporate citizen by constantly looking for ways to reaffirm the beneficial social impact of our operations locally and globally. We are committed to maintaining high principles of social responsibility. We are vigilant about being as fair as possible to our customers, employees and our manufacturing partners — benefitting the communities in which we operate.

For more information, read our latest Social Responsibility Report at www.sitonit.net/socialresponsibility.

SitOnIt Seating and IDEON are dedicated to sustainability, from the fabrics we select, to the way we manufacture, to how we run our corporate offices. Our efforts have been recognized by Managing Automation, which listed us as one of its “Progressive 50.”

We work hard to minimize the impact of our manufacturing process and support a healthy workplace—for our employees and our planet. Our lean manufacturing practice provides the foundation of our sustainability strategy by eliminating waste, conserving resources and responsibly designing products for durability and extended life.

Learn more, including our BIFMA Level® Certification, at www.sitonit.net/BIFMA.
