SitOnIt • Seating[®]

Made in
California.
Designed
by you.

Who we are

With the fastest lead time in the industry, SitOnIt Seating® offers high-quality seating that combines award-winning design with intelligent ergonomics. From healthcare to higher education, we've been the go-to destination for build-to-order seating since 1996.

Born and bred in California, all of our key collections are designed in-house and rigorously tested for quality control, strength and durability. We make customization easy—our user-friendly ChairBuilder® tool lets you design your dream chair with just a few clicks. With chairs, sofas and stools for every desk, space and environment, the possibilities are endless.

Discover premium seating solutions—at a fraction of the price.

Our build-to-order promise

Custom-designed chairs, no waiting. Our lean manufacturing operation means we can ship build-to-order chairs in just two days. That means we can build the chair you want—and deliver it when you want it—at a price no one else can match.

Fastest shipping in the industry

Choose from two, five or 10-day shipping. We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match. From start to finish, we maximize efficiency in every single area—whether it's sourcing and logistics or assembly and production.

A blueprint for coziness

Experience a whole new Wit with enhancements that draw on white, black and grey tones for in-style, on-trend alternatives to vibrant hues. Four soft woven meshes, two cool colored frames, upgraded casters and more create the kind of carefree comfort to make every day feel like work-from-home.

Mobile, adaptable and comfortable

Gone are the days where you clock in, stay in your cubicle and clock out.
Dynamic environments call for adaptable seating that rolls with the punches.
Our Wit family does exactly that. Because this is a design inspired by
truths about how people work.

Long meeting friendly

Welcome to your new favorite conference room. Discover breathable, ergonomically crafted support that keeps you comfortably cool and an intuitive, swivel-tilt mechanism that adjusts as you shift positions.

The new way to work

Today's ever-changing marketplace calls for flexibility. Teams need to be able to set up shop anywhere—and at any time. All of our Wit task models are easily adjustable so anyone can find a seat, settle in and get right to work.

TEXTILE: SitOnIt Seating/IDEON Spice Caraway (seat), Electric Blue Mesh (back)

TEXTILE: SitOnIt Seating/IDEON Venice Mainstream (seat), Nickel Woven Striped Mesh (back)
 TEXTILE: SitOnIt Seating/IDEON Burst Cornerstone (seat), Frost Woven Striped Mesh (back)

Find your sweet spot

Good back support feels different for everyone. That's why an easily adjustable lumbar mechanism (available in three different frame-matching colors) comes standard on all of our task models—so any Wit can become your Wit.

Bring it

On any given day, you may be working in multiple places throughout the office. Stay quick on your feet—and ready for anything—with the easy-grip, built-in handle of the Wit.

TEXTILE: SitOnIt Seating/IDEON Element Onyx (seat), Onyx Woven Striped Mesh (back)

Performs well under pressure

The slim yet plush dual density foam seat cushion combined with the sloped design of the waterfall front edge help relieve pressure on the legs, promoting circulation and allowing you to sit comfortably for longer periods. So go ahead and take that long lunch. We got you.

Color theory 101

With our user-friendly ChairBuilder tool, you can specify the exact look you want. Choose from 16 mesh back colors, 12 Thintex back colors and thousands of textile options for the upholstered seat. Additionally, choose from nine plastic seat colors for the side chair model.

WIT WOVEN STRIPED MESH

Available on task chairs and task stools.

MIDBACK

SIDE CHAIR

Thintex: The triple threat

THE FRONT: A design layer in breathable mesh or sleek Thintex fabric that's easily cleanable and durable

THE MIDDLE: A super-comfortable layer for that plush, pillowy feel

THE BACK: A high-performance mesh layer that feels like memory foam and springs back for extra support

Where you'll find us

Your go-to search engine. An iconic surf brand. An LA-based, high fashion house. A sassy beauty and cosmetics boutique. What do all these offices have in common? Our Wit—customized down to the last detail for each environment's unique needs. Versatile by design? We'd say so.
