- Heavy duty steel mesh floor for years of dependability
- Safety restraint tie down bar is standard on all Platforms
- Industrial hinges and latches for strength and safety
- Door Safety Pins allow the door to remain rigid and strong
- Easily pins onto your machines Fork Tines
- Safety pins secure side rails and doors
- Meets and/or exceeds OSHA Standards

Meets ANSI Standards in  
Canada and United States

## Safety Features

**Safety Pins** are standard for all doors and side rails. Each pin is attached to the rail by a cable to prevent losing the safety pins

**Door Safety Pins** gives the door extra strength and allows the door to remain rigid at all times

**Safety Restraint Tie Downs** are standard on all platforms. This gives you a safe place to connect your safety harnesses

**Optional End Forks Slots** make it easy to transport your Platform. To be used for loading and unloading only

**Pins over your Fork Tines** Each pin is chained to the Platform. Fits to most Telehandlers

Collapsible  
for easy transportation
