Buyer's Guide

Big Big Things are Built on Small Things Well Done

Since 1932, AGS Footwear Group has lived by this motto. shoe accessories, fitting aids, and pedorthic products may seem like small things in your business, but if one of our items saves a sale for you, makes a customer happier, or solves a patient's problem, then our item becomes a big thing. We are here to serve you with the most complete line of shoe accessories, findings and pedorthic products.

We support the organizations that support you.

Under Construction

Terms and Conditions

Terms: All prices F.O.B., AGS Footwear Group Warehouses, open account with established credit, net 30 days, otherwise, via credit card.

We Accept:

Credit card disputes must be made with AGS Footwear Group, prior to contacting the credit card company. Any disputes made outside of this agreement is subject, but not limited to a \$200.00 processing fee and you agree to pay and will forfeit the right to do business with AGS Footwear Group, Inc.

Prices: All prices are subject to change without prior notice. Orders will be invoiced at the prevailing prices at the time the order is shipped.

Finance Charges: Payment terms are calculated from invoice date. A finance charge of 1.5% per month will be charged on all past due invoices.

Returned Checks: All returned checks will carry a \$50.00 service charge.

Non-payment: Any account 120 days past due is subject to collections and all costs of same will become the responsibility of the customer.

Minimum Order: Orders under \$25.00 will be charged a service charge.

Shortages: All Shipments should be checked at the time of delivery. Any shortages or discrepancies must be reported to AGS within 10 days. No adjustments will be made after the 10 day period.

Cancellations: Any cancellations with pre-booked merchandise must be received in writing at least 10 days prior to shipping

Refused Orders: If an order is refused at the time of delivery, the customer will be responsible for the freight charges out and back, plus a 15% restocking fee. No future order will be shipped without charges being paid first.

Returned Merchandise: All defective returns must have a return authorization number from AGS or they will be refused at the door and returned to the customer. Authorized returns to stock will carry a 15% restocking fee, if merchandise stickers or price tags must be removed. If merchandise is unsuitable for restocking, it will be returned to the customer at their expense.

Powerstep® Pinnacle

Eliminates pain or strain in the heel and arch as well as the ankles, knees and lower back by eliminating excessive inward rolling motion of the foot.

The most advanced orthotic device yet for exceptional relief from foot pain! Unexcelled comfort and relief from heel and arch pain and related ailments.

- Strong, springy medical-grade foot supports.
- Stabilizing heel cradle and platform to safeguard the heel during landing.
- Unique Hypurcel® - EVA casing for life-long cushioning from heel to toe.
- Soft outer EVA foam for added comfort.
- Heat and slip reducing anti-microbial ETC® fabric for dryness.

Sizing: Wom 5-14 Men 4-16+
#Powerpin pr.

Powerstep® Pinnacle Plus™ Full Length

Prevents and alleviates pain associated with plantar fasciitis, metatarsal pain, heel or arch pain and discomfort, mild to moderate pronation, sore/aching feet and other common foot conditions.

- **Built-in metatarsal support to help alleviate pain.**
- Semi-rigid arch support & heel cradle provides increased support and stability.
- VCT® Variable Cushioning Technology provides targeted and controlled cushioning with a soft, supportive feel.

Sizing: Wom 5-14 Men 4-15
#PPFL pr.

Powerstep® Pinnacle Maxx

The next generation of foot orthotics feature the Heel Secure Comfort System™ for more comfort!

A uniquely designed heel offers a deeper cup and an expansive micro thin platform, mildly angled for maximum support.

Pinnacle Maxx is the orthotic of choice for motion control and stability shoes. It also relieves pain that occurs during on-the-job standing, walking and high intensity running and walking. Relieves heel and arch pain with the following enhancements:

- Deeper, stabilizing heel cup and platform.
- Firmer, strong supports in the arch, calibrated with flexibility for comfort.
- Unique Hypurcel® foam for plush cushioning.
- Outer EVA foam for added comfort.

Sizing: Wom 5-14 Men 4-16+
#PNM pr.

Powerstep® Pinnacle Low

The PowerStep® Pinnacle Low full length insoles with built-in low arch support and two layers of plush cushioning are the perfect balance of comfort and support. The Pinnacle Low insoles feature the signature PowerStep arch shape that cradles the arch and heel, adding stability and motion control to limit excess stress on feet, ankles, joints, and tendons.

Feet with low arches need slight arch support and cushioning for motion control and to help alleviate pressure. Flat feet tend to cause overpronation, where the feet and ankles roll inward, placing pressure on the bigger toes and inside of the foot. By combining premium cushioning and the clinically proven PowerStep arch shape in a semi-rigid low arch support shell, the PowerStep Pinnacle Low shoe insoles are a trusted solution to improve foot function, decrease arch pain, and help alleviate common foot conditions typically caused by overpronation. Wom 6 - 12 Men 4-16+ #P500401 pr.

Powerstep® Pinnacle High

PowerStep® Pinnacle High™ full length insoles are designed for high arches to help decrease pain typically caused by supination. These insoles with built-in high arch support and two layers of plush cushioning are the perfect balance of comfort and support. The Pinnacle High insoles feature the signature PowerStep arch shape that cradles the arch and heel, adding stability and motion control to limit excess stress on feet, ankles, joints, and tendons.

Feet with high arches need arch support and cushioning to stabilize and reduce excess pressure on the ball and heel of the foot. High arches cause supination, where the feet and ankles roll outward, placing pressure on the smaller toes and outside of the foot. By combining premium cushioning and the clinically proven PowerStep arch shape in a semi-rigid high arch support shell, the PowerStep Pinnacle High shoe insoles are a trusted solution to improve foot function, decrease arch pain, and help alleviate common foot conditions typically caused by supination. Wom 6 - 12 Men 4-14^{1/2} #P502101 pr.

PowerStep Bridge Adaptable Arch Supporting Insoles with Energize Foam

Introducing PowerStep® bridge™ insoles – where the comfort of an insole and the support of an orthotic meet. These innovative insoles were designed with PowerStep's arch shape and enhanced to allow energize and memory foam comfort to be felt where it's needed most. Bridge™ is the all-in-one solution for all needs – whether running, walking, or working - bridge is pain-relief, simplified. They are the best insoles for standing all day.

- **Comfort meets support** offering a customized fit while providing comfort and support for lasting pain relief
- **Flexible and adaptable** arch support structure adapts to the foot, teaching proper alignment that helps relieve and prevent pain for all arch heights
- **Dual-layer cushioning** provides comfort where its most needed, featuring slow-recovery memory foam paired with innovative PowerStep energize foam™ that offers 55% energy return with every step
- **Mesh top fabric** is moisture-wicking, helping to reduce heat, friction, and perspiration
- **Relieves and prevents** foot pain, achy feet, Plantar Fasciitis, ankle, knee, hip & back pain during running, walking, working, and other everyday activities

3720 Arch Stability/Arch 1000 Insole

The 10 Seconds 3720 Arch Stability Insoles are a full-length, semi-rigid orthotic arch support for low to neutral arch types. They feature a **Hytrex arch plate** for superior arch support and **poron cushioning** layers to provide additional comfort and shock absorption. They have a **MicroZap antimicrobial fused top cover** to help kill odor causing bacteria with air flow channels built in to the insoles to help move warm air out and pull cold air in and are trim-to-fit for the perfect length. They are ideal for tight fitting shoes with non-removable insoles or shoes where you would need additional room in the toe area.

Ideal For: Shoe type: Athletic, Boots, Casual and Dress

Activity type: Running & Walking, Court Sports, Standing, Hiking & Outdoors, Gym and Workout, Golf, Casual

Arch type: Low Arch, Neutral Arch

Pain relief: Achilles Tendinitis, Arch Pain & Arch Strain, Bunions, Flat Feet & Fallen Arches, Over Pronation, Plantar Fasciitis, Shin Splints

#H1706 pr. Sizing: Men's 4 - 16.5,
Women's 5.5 - 12.5

Flatfoot® Sport Insoles

The only patented full length insole that keeps the feet in alignment with the ankles, knees and hips resulting in overall pain relief! The problems associated with over-pronation are prevented by the **Flat Foot Insole**. Its patented design aligns the ankle and supports the foot from Mid-stance to Toe-off. People with low arches or flat feet who have been forced to live with foot, ankle, knee and lower back pain no longer have to consider standing, walking or running painful experiences.

Poron Cushioning: Orange Poron layer provides maximum cushioning for athletic use.

Anti-Blister Top Cover: The anti-friction top cover helps prevent blisters and keeps feet drier.

Fights Odors: The MicroZap® antimicrobial in the top cover helps keep the insole odor free.

#H110 pr. Sizing: Men's 7 - 15, Women's 5 - 10

Comfort Polycushion Insoles

- Superior Shock absorption
- Enhances the body's natural shock absorbing capability to reduce foot, knee and lower back pain

10 Seconds® Pressure Relief Insoles

10 Seconds® Pressure Relief Insoles with Metatarsal Pad

The Ten Seconds Pressure Relief Insole with Metatarsal Pad is a lightly supportive replacement insert that will add cushion and comfort to the shoe but with the added feature of built-in metatarsal support. The soft cushion top cover is made with Plastazote and Orange Abzorb cushioned layers, which provides a customized fit with a wear moldable memory foam feel for foot pain relief and reduced friction for blister prevention. Their additional metatarsal support will help relieve and prevent forefoot pain and discomfort. Custom made air flow channels that are built in to the bottom of the insole will help remove warm air, while pulling cool air in. The soft Plastazote® top layer uses the body's heat to mold to the base of the foot and the deep heel cushion provides added comfort in the shoe. It is recommended for diabetics, arthritis and other sensitive feet needs. This insole will fit in most athletic, casual, and hiking shoes that come with removable footbeds. The Abzorb® foot strike pads are strategically placed for maximum shock absorption at the heel and forefoot. In addition, the extra deep heel cup cushions the foot naturally utilizing the cushioning tissues in the heel of the foot. **Sizes available in Men's 4-14 and Women's 5-12 #H1702 pr.**

10 Seconds® Pressure Relief Insoles Neutral (without Metatarsal Pad)

The Ten Seconds® Pressure Relief Insole without a Metatarsal Pad is a lightly supportive replacement insert that can be used by any foot type and will add a comfortable layer of cushion to the shoe. The soft Plastazote® top layer uses the body's heat to mold to the base of the foot and the deep heel cushion provides added comfort in the shoe. Recommended for diabetics and arthritis sufferers. Can be used for low, medium and high arches. Abzorb® foot strike pads are strategically placed for maximum shock absorption at the heel and forefoot. Air flow channels are molded into the shape of the arch to help provide cooling comfort. An extra deep heel cup cushions the foot naturally utilizing the cushioning tissues in the heel of the foot. The Plastazote® top layer molds to the foot's plantar surface. This insert does not have a metatarsal pad. It is PVC and latex free. Trimmable. **Sizes available in Mens 4-15.5 and Women's 5-12.5 #H1701 pr.**

BETTERFORM PREFABRICATED ORTHOTICS

Betterform's prefabricated line of products grew out of both the practitioner's and patient's requests for an affordable yet effective device as an alternative to a custom orthotic. Their roots in the medical foot care industry dictated a path toward producing a product that is comprised of many of the same materials found in custom orthotics. The majority of their line is heat adjustable and easily modified using simple techniques and tools. Because of the extensive size range, many are an excellent fit straight out of the package.

SOFTFORM

A true favorite in Betterform's line-up! Comfortable and lightweight, the Softform series is a multi-purpose, cost effective orthotic available in three densities. The series features **increased stability, antimicrobial top-covers, multiple density options and general discomfort accommodation.**

Provides relief from toe pain!

Helps relieve hammer, mallet or arthritic toes, while easing pressure on toe tips.

Helps prevent corns, calluses and blisters. Comforts related forefoot pain. Sizing: Small/Medium/Large. Left or Right. **#P53 ea.**

Visco-GEL® Hammer Toe Crutch

PediFix Visco-GEL® Hammer ToeCrutch pad lifts toes to take pressure off bent-under toe tips. Gentle support makes shoes comfortable and walking easier. Soft, extra-wide gel loop protects and soothes toe-top corns. It is washable, reusable and effective for weeks. Small has 12.5 mm diameter, Medium has 15 mm diameter and Large has 20 mm diameter. **P1037 ea.**

Visco-GEL®

- Cushions, protects, absorbs pressure, shock and shear forces.
- Releases medical grade mineral oil, enriched with vitamin E, to soothe, soften and moisturize skin.
- Conforms to prominences and foot contours.
- Features anatomically correct product design.
- Guarantees its durability - will not flatten, deform or degrade with use.
- Hypo-allergenic, washable, reusable.

Visco-GEL® Digital Tubes

Thin wall design fits comfortably in shoes.

4/pkg: 2 small, 2 medium.
#P338 pkg.

Visco-GEL® 5-Toe Buddy

Multiple-Toe Gel spacers gently separate, divide, align and stretch crooked, overlapping toes. Soft, anatomically-shaped 5-ToeBuddy® helps relieve common toe problems and foot pain. Use in shoes to divide crooked and overlapping toes that rub, or while resting or sleeping for a therapeutic toe stretch. Customize easily to help 1, 2 or 3 toes and specific foot conditions, including hammer toes and sore toe tips.

#P1114 pkg.

Visco-GEL® ToeBuddy Bunion Guard

Two loops keep a soft Gel spacer in perfect position between first and second toes to separate and align. This ToeBuddy Bunion Guard absorbs pressure and friction to relieve bunion pain. Exclusive Visco-GEL® soothes and softens skin. Thin design fits in most footwear styles and makes shoe more comfortable. Washable, reusable and effective for months. Interchangeable for right or left foot. 1 per pack. **P1038 pkg.**

Visco-GEL® Toe Separators

These separators gently divide crooked or overlapping toes to relieve between-toe corns, pinching and cramping. These soft, anatomically-shaped cushions are made from a vitamin-enriched gel which absorbs pressure and friction while releasing mineral oil to moisturize and soften skin. 2/pkg.

#P31S pkg. Small
#P31L pkg. Large
#P31XL pkg. XLarge

Visco-GEL® Little Toe Sleeves

Specifically sized to fit the little toe. They slip on easily and surround the toe with a soothing gel that instantly absorbs, pressure and friction. Relieves corns, blisters, ingrown nails, pinching, cramping and more. Fit comfortably in most shoes. Trimmable.

2/pkg. **#P32 pkg.**

Visco-GEL® Toe Cap
Relieves toe pain instantly!

Absorbs pressure and friction to help prevent and ease pain from ingrown nails, corns, hammer toes, blisters and more. Stretches to fit over any toe.

Comfort vent at tip allows skin to breathe. Washable. Sizes Small, Large and XLarge. **#P80 ea.**

Visco-GEL® Toe Protector

Offers complete toe and nail protection. Instantly cushions and protects corns, ingrown nails and other toe irritations. A soothing gel completely surrounds the toe to absorb pressure and friction while releasing mineral oil to moisturize and soften skin. The soft fabric sleeve breathes and easily stretches for a custom fit. Trimmable. One Size. 1/pkg.

#P82 pkg. Small
#P82L pkg. Large

Visco-GEL® Corn Protector

Relieves painful corns instantly! Cushions and protects corns to help relieve pain. Features a soothing gel that absorbs pressure while releasing mineral oil to moisturize and soften skin. Their soft fabric sleeves breathe and easily stretch for a custom fit. Trimmable. One Size. 2/pkg.

Small/Regular **#P81 pkg.**
Large **#P81L pkg.**

Visco-GEL® Little Toe Buddy-Bunion Guard

PediFix Visco-GEL® Little ToeBuddy Bunion Guard includes two loops that keep a soft gel spacer in perfect position between the 4th & 5th toes to relieve painful corns. Contoured Guard absorbs pressure and friction to protect little toe bunion. Thin design fits in most footwear styles. PediFix Visco-GEL® Little ToeBuddy Bunion Guard is washable and reusable. One per pack.

P1320 pkg.

Visco-GEL® Dual-Action Bunion Fix
Provides Instant Pain Relief!

- Separates & aligns toes that rub.
- Cushions & protects bunions.

Soft Gel spacer separates and aligns first and second toes that rub, while the contoured Guard cushions and protects the big toe joint. Visco-GEL® slowly releases mineral oil and vitamin E to soothe, soften and moisturize skin. One size fits most. 1 per pack. **#P47 pkg.**

Visco-GEL® Bunion Relief Sleeve

PediFix Visco-GEL® Bunion Relief Sleeve cushions bunions to protect them from shoe pressure and friction. Soft'N Stretch fabric sleeve positions the Gel dependably, comfortably, without adhesives. Spacious shoes will best accommodate its 1/8th inch thickness. It is interchangeable for both left and right foot. Small fits shoe sizes 6-9 and average width feet, Large fits shoe sizes 9+ and wide feet. 1 per pack **P1303 pkg.**

Visco-GEL® Bunion Guard

Absorbs pressure, eases pain and slim design fits in most shoes. Soft gel shield cushions and protects sore bunions from pressure and friction. It releases vitamin E and mineral oil to soothe and moisturize skin. Soft stretchable toe loop holds guard in place. Washable and reusable. One size fits most.

#P46-L (for large toe) pkg.
#P46-S (for small toe) pkg.

Visco-GEL® Silicone Scar Management Sheets

Self-adhesive silicone sheets smooth, soften and improve the texture, color and thickness of scars. Helps relieve itching and pain. Washable & reusable. 2 sheets/pkg. (2 1/2" x 3") **#P806 pkg.**

Gel Moleskin

Soothing gel is superior to traditional moleskin. It adheres gently to cushion and protect while absorbing pressure and friction. Perfect for corns, calluses, bunions, blisters, heels and more. Washable and reusable.

Two 2 1/2 " x 3" pieces/pkg. **#P805 pkg.**

Sore Spot Skin Bandage

PediFix SoreSpot Blister & Skin Protection Bandages minimize friction and shear to prevent blisters, corns and calluses or protect them after they've formed. Ultra-thin so they fit in any shoes. Clear and nearly invisible. Flexible and conforming to foot contours. Self-adhesive so they stay in place. Effective for diabetic skin-care and other friction-reduction applications.

Small Bandages fit toes. Large Bandages fit bunions, heels, ball-of-foot. multi-day protection. 4 per pkg. **#P810 pkg.**

Fabric Comfort Toe Wraps

PediFix Comfort ToeWraps separate, straighten and align crooked toes. Effective as a splint for broken, stubbed or injured toes. They include hook & loop fasteners for easy adjustment. 2 per pack.

- Gently Align Crooked, Overlapping and Hammer Toes.
- Straighten & Separate Toes That Rub
- Soft, Comfortable, Convenient, Long-lasting.

P6055 pkg.

Forefoot Protection Sockette

PediFix Visco-GEL Forefoot Protection Sockette cushions and protects, from toe tips to ball-of-foot. Absorbs shock, reduces friction, irritation. Stays in place without adhesives. Dancer's favorite for relief of forefoot and toe pain and prevention of corns and calluses. Comfortable in most footwear. PediFix Visco-GEL Forefoot Protection Sockette is interchangeable for Right or Left foot. Small fits shoe sizes 5-9, Large fits 9+. 1 per pkg.

- Protects Toes, Metatarsals & Forefoot
- Absorbs Pressure, Friction & Shock
- Stops Painful Shoe Rubbing
- Helps Prevent Corns, Calluses, Blisters
- Soft Gel-Lined Fabric Protects Tops & Bottoms of Feet

Small or Large
#P1342 pkg.

Arch Bandage

Works like an insole, but takes up less space. Supports fallen arches or flat feet and eases related toe, ball-of-foot or heel pain.

It is helpful for bunions, neuromas, plantar fasciitis and heel spurs. This soft elastic bandage gently squeezes the arch to provide support and extra stability to sore tired feet. Makes shoes more comfortable. 1/pkg.

#P60 ea.

Metatarsal Shoe Cushions

Comfort and protects the ball-of-the-foot areas by absorbing pressure and reducing friction with soft, durable foam. They also add extra padding to thin-soled footwear and work great in high-heeled shoes to ease metatarsal pain while preventing the foot from sliding forward.

Great for women's or men's shoes!

Self-adhesive backings keep them in place. One size fits most. #P90 pr.

Arch Brace

Instantly supports weak or fallen arches to help relieve plantar fasciitis - a painful foot condition often associated with heel pain and heel spurs.

Small Men 7-8^{1/2} / Wom 6-10^{1/2}
Large Men 9+ / Wom 11+

#P61 ea.

Heel Straights

Corrects heel posture and prevents uneven shoe wear. Heel inserts help limit excess pronation. Helps relieve pressure on ankles, knees, hips and back. 1 pr/pkg.

#P316 pr.

	Small	Medium	Large
Wom	5 - 7	8 - 10	11 - 13

Men's Socks

American Rough Boot Length Cushioned Sock

Made in America!!

The American Rough cushioned boot length sock has a heavy cushioned foot and leg with a reinforced heel and toe that provide comfort and superior work socks for everyday. 71% cotton, 25% polyester, 3% nylon and 1% spandex. Fits men's shoe sizes 8 - 12 (Three pair per package)

Sold in multiples of four packages. .

#SY8301 pkg.

NEW!

Yacht & Smith Thermal Boot Sock

1. Flex fit top, Crew length for active wear and mobility

2. Quality soft knitting for improved fitting and breathability

3. The durable reinforced heel & toe box provide a cushioned finish

4. Terry-lined inside for enhanced warmth and comfort

The perfect thermal socks for winter weather! These thermal socks are thicker than the typical pair of socks. Great for wearing with a favorite pair of boots for the commute to work, going out with friends, or simply wearing at home. For warm toes and additional comfort, these socks prevent rubbing against the back of boots. The cushioned design offers additional comfort. **Insulated to retain body heat:**

The top band ensures that the socks don't slide down, helping to insulate body heat, keeping cold air from reaching inside. These extreme weather socks are ideal for activities including working, skiing, snowboarding and hiking and are perfect for shovelling or playing in the snow. Great for indoor wear for additional warmth.

These socks are made for those who want durability and comfort throughout the winter season. The soft and comfortable brushed lining gives feet all-day warmth. 80% Cotton, 15% Polyester and 5% Spandex. Machine Wash, Tumble Dry. 3 pair per pkg. Order in multiples of 4 pkgs.

Size 9-11 fits Women's shoe size 5-11. Size 10-13 fits Men's shoe size 7-12 #9470 Pkg.

Sneaker Balls

Leather Refinish

Leather Refinish

Finally! An easy way to Refinish & Color Restore leather items!

Designed to " Do it Yourself " which is extremely flexible and will not rub off on clothing. Just wipe the leather item to remove the everyday grimes and oils, then just apply a favorite Leather Refinish Color Restorer in a circular motion. It dries to the touch in about five minutes. There is no need to mask off metal hardware. Leather Refinish Color Restorer wipes off easily with a damp cloth without staining.

- Very easy to use.
- Non-toxic.
- Flexible.
- Will not rub off on clothing.
- Not affected by hot or cold temperatures.
- Waterproof.
- Natural looking finish.
- Does not stain metal.
- Smoothens out scuffs and rough spots.
- Cleans up easily.

You can also mix your own colors. For best results: Mix in clear glass container or jar. Cover with lid and store in cool dry place.
Please note that every monitor and printer displays colors a little differently.

Tarrago Cream Polish

Tarrago Shoe Cream Polish is a soft wax-based shoe cream that nourishes and maintains shoes, boots, belts, handbags, crafts or other leather goods. It shines and enhances the color of leather and synthetic leather and can be used on all natural and smooth leather such as cowhide, goat, pig and equine leather. Enriched with natural waxes like bees wax and carnauba wax, Tarrago Shoe Cream softens and nourishes, providing a lasting shine and waterproof protection. High quality pigments provide great coverage that dries very quickly and is safe for the environment. Available in many colors. 1.73 oz. jar. **#T310 ea. (metallic colors #T37)**

Tarrago Self-Shine Shoe Cream

A self-shine cream containing natural waxes. It's unique formula gives an instant shine without the need for brushing while nourishing the leather. The purpose designed applicator allows easy application. For leather and synthetic leather. 50 ml jar. Available in 12 colors. Amber Brown, Bordeaux, Beige, Brown Sugar, Medium Brown, Dark Brown, Nevada, Navy, Black, White, Neutral and Dark Burgundy. **#A640050 ea.**

Tarrago Nano Protector

Innovative top-class protection based on revolutionary nanotechnology provides an impregnable waterproof barrier. Individual fibers are covered by a high-tech waterproofing agent to better repel water. Materials stay breathable and like new for longer. For all kinds of leather, suede, nubuck and textile materials. 6.53 oz. **#ITGS22 ea.**

Tarrago Suede Renovator

Suede Renovator recolors and rejuvenates suede. It revives the original color and nourishes by replacing the natural oils lost from the leather. Protects against water, keeps breath-ability of the shoe, and dries fast. Will not rub off. For suede and nubuck. 6.49 oz., aerosol. Available in Black, Brown and Navy. **#MA7 ea.**

Adhesives

Barge All-Purpose Cement

Improved formula with much stronger bond! Easy to spread with no smear. Holds all man-made materials upper materials securely. Faster to use and easier to work with.

- Waterproof
- Extremely flexible
- One coat
- No nails
- No stitching
- Will not freeze.

3/4 oz. Tube **#1237 ea.** Quart **#1240 ea.**
 2 oz. Tube **#1238 ea.** Gallon **#1239 ea.**

Barge Rubber TF Cement

Commercial adhesive compound with a flexible bonding agent. It works by combining the quality of rubber with fluids for easy application. Rubber stays in the bond to maintain a flexible hold. Great for sticking soles back on boots, and just about anywhere else two flat surfaces need to be re-connected in a durable, weatherproof manner. Quart © **#1254 ea.**

Barge SuperStik™ Cement

Urethane based cement. Ideal for permanent bond for polyurethane, leather, nylon, PVC, felt, plastic, vinyl, wood and synthetic and rubber. Brush included. Quart **DC731 ea.**
 Gallon **DC740 ea.,**

Barge All-Purpose TF Cement

Toluene-free formula provides a superior bond. Bonds most soling materials for use in the repair of shoes. Outstanding for bonding most rubber compounds and leather. Recommended for bonding all like and unlike materials, except for vinyl. Easy to spread. Weatherized - will not freeze. Dry time 10-15 minutes. Open time up to four hours. Gallon **#DA002 ea.**

Barge All-Purpose Thinner

This thinner is especially made for all-purpose type cement (not for use with celluloid cements) It may also be used to clean brushes or remove soles that have been attached with all-purpose or similar types of cement.

Quart Can **#1249 ea.**
 Gallon Can **#1248 ea.**

Barge Infinty Cement

Universal all-pupose cement. Improved super-stick toluene-free formula. For use directly on vinyl, PVC, polyurethane, leather, cotton, synthetic fibers and woven fabrics. Clear adhesive. Dry time 2 - 5 minutes.

Quart Can **#DC731 ea.**
 Gallon Can **#DC900 ea.**

Master All-Pupose Cement & Thinner

Excellent for wide range of materials including leather, rubber, felt, cork, EVA, TR, PVC and polyurethane. Can be used with or without heat activation.

Darco Medical Surgical Shoe

Utilizing its famous semi-rigid sole and built with a MetaShank forefoot support, this shoe provides rigid control and protection. A breathable mesh upper conforms to bony abnormalities of the foot and has a reinforced heel counter and padded heel collar to stabilize the rear foot and reduce slippage.

Men's: Sm/Med/Lg/XL
Wos: Sm/Med/Lg
#DMS ea.

Darco Heel Wedge Shoe

Designed to protect the heel and promote healing by significantly removing weight bearing pressure, while still allowing the patient to maintain mobility. The heel wedge is ideal for the treatment of plantar fasciitis, ulcerations, infections, fractures, trauma and following surgery of the soft tissue or bony structure of the heel. A locking ankle strap and strapless forefoot closure seat the foot firmly in the shoe providing secure ambulation.

Unisex: Sm/Med/Lg/XL
#HW ea.

Darco A.P.B. All Purpose Boot

Designed with a closed toe to provide all-season protection. A high top design and ankle strap completely eliminate heel slippage. Great after surgery and in the treatment of the diabetic and insensitive foot.

Unisex Sizes: Sm/Med/Lg/XL
#APB ea.

Darco Ortho-Wedge Healing Shoes

Specifically designed to protect the forefoot by removing most of the pressure from the metatarsal head and digits. A natural for the treatment of diabetic ulcerations or as a post-op shoe after surgeries to correct hallux valgus, hammer toes or other osteotomies with or without pins.

Unisex Sizes: Sm/Med/Lg/XL
#DOW ea.

Darco Body Armor™ Toe Guard

Fits square toe medical shoes and is made with strong ABS (Acrylonitrile Butadiene Styrene) plastic to protect toes from daily strikes and bumps. It has an adhesive backing and a cushioning foam cutout so that it can be secured onto Darco shoes or walkers. The side wings can be molded or bent to accommodate a more comfortable fit - ideal for patients with narrower or wider feet. Provides protection during healing process.

Women's Small fits small, medium, and large **#BATGQ1 ea.**
Men's Large fits small, medium, large, and extra-large **#BATGQ2 ea.**

Darco Toe Alignment Splint

The Darco Toe Alignment splint was designed for post-surgery alignment for hallux valgus, hammer toes and tailor's bunion. The metatarsal band on the splint is a soft cotton cloth cushioning foam interior. Includes one large toe strap and four smaller individual straps. Use to fit a large foot, but is marked to cut to medium or small. One size fits all.

#DTAS ea.

DARCO Body Armor® Night Splint

The only **Dorsal Night Splint** that actively and comfortably engages the windlass mechanism, allowing the foot to assume a 90 degree position, resulting in a specific and sustained stretch to the plantar fascia and a sustained low load stretch to the flexor tendon, Achilles tendon and calf muscles. The **Elastic Connector Ring** allows for natural flexion of the foot and toes during sleep and gently returns the foot to the dorsiflexed position as muscles relax. The **Low Profile Design** allows for maximum user comfort and compliance. One size fits all.

Pedorthic Sheet Materials

Combination Sheeting - *Save Time and Money!*

Plastazote/Urethane Medical/EVA Tri-Laminate

The protection of Plastazote, cushioning of Urethane and durable/moldable qualities of EVA laminated together to save time and money. Used for diabetic foot orthotics.

1/8" Pink Plastazote + 1/16" Urethane + 1/8" EVA
#AC238 Sheet (37" x 30")

1/8" Pink Plastazote + 1/8" Urethane + 1/8" EVA
#AC020 Sheet (37" x 30")

Urethane Medical/Pink Plastazote (39" x 14")

The most versatile sheeting available. Use this material for diabetic and insensitive foot applications as well as for athletic and normal ambulatory activities. Urethane provides the shock absorption while plastazote molds for pressure, distribution and protection.

1/16" Urethane + 1/8" Pink Plastazote
#AC8MP116P Sheet

1/8" Urethane + 1/8" Pink Plastazote
#AC8MP118P Sheet

1/8" Urethane + 1/4" Pink Plastazote
#AC4MP18P Sheet

EVA / Medical Urethane EVA Tri-Laminate

EVA protects the Urethane and allows full molding into the most complex shapes. Urethane provides superior cushioning and resists bottoming out. Excellent forefoot orthotics and prosthetic liners.

1/16" Pink EVA + 1/16" Urethane + 1/8" Pink EVA
#AC236FL Sheet (37" x 30")

1/6" Blue EVA + 1/16" Urethane + 1/8" Blue EVA
#AC236BL Sheet (37" x 60")

Medium Pink/Firm White Plastazote (33" x 29")

The best of both densities conveniently laminated together to save the practitioner time and money. Used for making diabetic or insensitive foot orthotics.

1/8" Pink #1 + 1/8" White #2 Plastazote
#AC6050 Sheet

1/4" Pink #1 + 1/4" White #2 Plastazote
#AC6151 Sheet

Crepe/EVA Sheet Materials

SBS Crepe: (18" x 36") A moderately firm density EVA/SBR is the same as Diamond Crepe except both sides are sued. Excellent for external modifications, build-ups and posting. Shore A Durometer 50 - 55. Heating temperature 300° F (1 - 2 minutes)

1/8" Smooth Crepe	CR6SBS Sheet
1/4" Smooth Crepe	CR12SBS Sheet
3/8" Smooth Crepe	CR18SBS Sheet
1/2" Smooth Crepe	CR24SBS Sheet
5/8" Smooth Crepe	CR30SBS Sheet
3/4" Smooth Crepe	CR36SBS Sheet
1" Smooth Crepe	CR48SBS Sheet

Cloud Crepe/EVA: (18" x 36") Durable and moldable moderate density EVA that provides excellent support and shock absorption. Use for foot orthotics, prosthetics and all kinds of padding. Shore A Durometer 35 - 40. Heating Temperature 250 - 275° F (1-2 minutes).

1/4"	Cloud/Ortho Crepe	CR12 EVA Sheet
3/8"	Cloud/Ortho Crepe	CR18 EVA Sheet
1/2"	Cloud/Ortho Crepe	CR24 EVA Sheet
5/8"	Cloud/Ortho Crepe	CR30 EVA Sheet
3/4"	Cloud/Ortho Crepe	CR36 EVA Sheet
1"	Cloud/Ortho Crepe	CR48 EVA Sheet

Specify color: Black, Brown, White, Sand, Grey, Red

Specify color: Black, Brown, White, Sand, Grey, Red

SFM: Super firm material is an excellent lightweight reinforcement material for foot orthotics. Shore A Durometer 75.

1/8" SFM **SDUR-00047 Sheet**
 1/4" SFM **SDUR-00048 Sheet**

Diamond Crepe: (18" x 36") A moderately firm density EVA/SBR with a diamond pattern on one side. It is durable, resilient and thermomoldable. Excellent for external shoe modifications, posting and soling. Shore A Durometer 50 - 55. Heating temperature 300° F (1 - 2 minutes)

1/4" Diamond Crepe	CR12 Sheet
5/16" Diamond Crepe	CR15 Sheet
3/8" Diamond Crepe	CR18 Sheet
1/2" Diamond Crepe	CR24 Sheet
5/8" Diamond Crepe	CR30 Sheet
3/4" Diamond Crepe	CR36 Sheet

Specify color: Black, Brown, White, Sand, Grey, Red

Luna Crepe: (15" x 30")

A flexible dense outsole material that is extremely long lasting.

7 iron	LU7 Sheet
9 iron (3/16")	LU9 Sheet
10 ^{1/2} iron	LU10 Sheet
12 iron (1/4")	LU12 Sheet
15 iron (5/16")	LU15 Sheet

Color: Black, Amber/Honey

Ultra-Cloud EVA: This unique soft, lightweight, thermoldable EVA provides long-lasting shock protection. It may be used against the skin as a top cover or padding. Available in blue. Sheet size 18" x 36". Durometer 17 - 20 Shore A, heating temperature 200 - 275° F (1 - 2 minutes)

1/8" Blue Ultra Cloud	UC6R Sheet
1/4" Blue Ultra Cloud	UC12R Sheet
3/8" Blue Ultra Cloud	UC18R Sheet

Plastazote/Poron/Cork

Diabetic Bilaminate Sheet

When a prefabricated diabetic insert just won't do, use this laminate designed to meet the requirements of the therapeutic shoe bill. 1/8" Pink Plastazote is combined with the 1/4" Blue 40 Durometer EVA for easy molding. Sheet size is 40" x 30"

#MATCUST3 ea.

Spencore® Top Cover Material

Spencore®: Trusted by certified pedorthists and orthotic lab technicians for over 30 years, Spencore® Material remains the leading cover stock choice for shock absorption, impact reduction, and overall foot comfort. Four-way stretch fabric helps reduce friction and shear. Silpure Antimicrobial helps control foot odor.

- 5/32" (42" x 48") Blue #70912BLU Sheet
- 5/32" (42" x 48") Black #70912BLK Sheet
- 1/16" (42" x 48") Black #40733 Sheet

Medical Cellular Urethane

Medical Cellular Urethane: An excellent shock absorber that can be used in a sport orthotic or as full protection material for the diabetic or arthritic patient. It is a padding material that will not bottom-out. It grinds and glues easily. This material is compression-set resistant, shock absorbing and has a breathable cell structure. Not heat moldable.

Urethane Medical - Abraided 1-Side - Blue

- 1/16" Poron (54" x 18") #AC60AB6 Sheet
- 1/8" Poron (54" x 18") #AC60AB8 Sheet

Leather Skins

Full Grain Pig Skin: A thin lightweight skin commonly used as a top or bottom cover for foot orthotics. 2 - 2^{1/2} oz. Sold by the sheet. Priced by the square foot of the sheet. Color: Natural.

#PIG Sheet

Orthopedic Cowhide: A 2^{1/2} - 3 oz. leather skin used as a topcovering for foot orthotics. Sold by the sheet. Priced by the square foot of the sheet.

Cream #OCHC Sheet

Pearl #OCHP Sheet

Plastazote

Pink Plastazote (Medium #1) (40" x 30"): Medium density Plastazote that is the ideal choice in geriatric and diabetic foot therapy. Used as a topcover for diabetic and arthritic patients.

- 1/8" Pink Plastazote #7051412 Sheet
- 3/16" Pink Plastazote #7051413 Sheet
- 1/4" Pink Plastazote #7051414 Sheet
- 1/2" Pink Plastazote #7051416 Sheet
- 1" Pink Plastazote #7051418 Sheet

White Plastazote: (Firm #2) (34" x 34"): When firmer support is needed, use as a molded insole or as an orthotic base. When heated, it combines with other densities for an ideal "sandwich" of lightweight cushioning and support.

- 1/8" White Plastazote #7053312 Sheet
- 1/4" White Plastazote #7053314 Sheet
- 1/2" White Plastazote #7053316 Sheet

Silver Plastazote (30" x 40"): An extra firm shore A 50° hardness closed cell cross-linked polyethylene foam. It provides an excellent lightweight and moldable base layer to foot orthotics fabricated for people with diabetic related problems. Use in conjunction with medium pink plastazote or combination sheeting.

- 3/16" Silver Plastazote #7055913 Sheet

Black Plastazote (Rigid #3) (37" x 25"): A rigid density Plastazote for use as an orthotic splint, shell, posting, reinforcement layer or for shoe elevations.

- 1/8" Black Plastazote #7054112 Sheet
- 1/4" Black Plastazote #7054114 Sheet
- 1/2" Black Plastazote #7054116 Sheet

Cork

Thermocork (36" x 44"): A strong flexible cork composite that is heat formable and will not bottom out. It is used as a firm base for total contact orthotics, when the patient's weight is a factor or when the practitioner chooses to form it directly over a positive model.

Durometer = 60± Molding Temperature = 170°F

- 1/8" Thermocork #80132 Sheet
- 3/16" Thermocork #80133 Sheet
- 1/4" Thermocork #80134 Sheet

EvaCork (Cork/EVA mix): A unique combination of cork and EVA, used to produce a lightweight, heat moldable, very firm orthotic. It can be used for modifications and posting and may be spot modified. Grindable.

Durometer = 63± Molding Temperature = 300°F

- 1/8" EvaCork (28" x 38") #AC1340 Sheet
- 1/4" EvaCork (28" x 38") #AC1342 Sheet
- 3/8" EvaCork (32" x 40") #AC1343 Sheet
- 1/2" EvaCork (28" x 38") #AC1344 Sheet

Big Foot Impression Foam

Using the highest quality foam available and large enough to fit most patients, **Big Foot Impression Foam** is used to take an impression of a patient's foot that will fit perfectly and match the foot size, shape and arch. There is no system that can match the convenience and accuracy of Big Foot Impression Foam when taking a negative impression of a patient's foot. Available in boxed trays or bulk.
(14" x 6" x 2^{1/4}")

- #1123 Boxed (12 pairs) **Case**
- #11221 Bulk (12 pairs) **Case**

Sole Materials

Sole Protective Sheeting: The new standard in protective soling material. These 1.5mm sheets are long-lasting, easy to glue and easy to replace. they will not break apart. Colors: Black, Brown, Tan and White. 18" x 36".

#CISGBK ea.

Finerib Sole Protector: 1/8" thick sole protector that provides enhanced traction. Colors: Black, Brown and Oak. 18" x 36".
#SO6RIB ea.

Leather Soling: Lightweight for women's work or heavyweight for men's work. Sold by the sheet and priced by the pound.

- Men's (Thick) #MOL Sheet
- Women's (Thin) #WOL Sheet

Rubber Soling

Vulcrepe (Wide Rib) Soling: A durable soling material used as an outsole to help prevent slipping. Colors: Black or Brown. Size: 18" x 36". Thickness: 10.5 iron. #VU105 ea.

Fineline Heeling/Soling: A hard rubber sheeting with a fine line design for more traction. The 18R (3/8") heeling slab is commonly used to make metatarsal bars.

- 12 Iron (1/4") #S12R ea.
- 15 Iron (5/16") #S15R ea.
- 18 Iron (3/8") #S18R ea.

Composition (Rubber) Soling: Hard rubber used for posting material or outsoles. Colors: Black, Brown and Oak. 18" x 36".

- 5 Iron #S05 ea.
- 7 Iron #S07 ea.
- 9 Iron (3/16") #S09 ea.
- 10.5 Iron #S0105 ea.
- 12 Iron (1/4") #S012 ea.

Repair Products

Birkenstock®

Birkenstock® Classic Suede Lined Cork/Latex Footbed

These anatomically correct cork/latex footbeds, are manufactured by Birkenstock especially for the repair of excessively worn sandals. Pair with Birkenstock crepe and the original upper for sandals that are good as new.
Sizing: Euro 35 - 49 (Wom 4 - 11^{1/2}/Men's 7 - 15)
#B14121 pr.

Birkenstock® Blue Orthotic Footbed:

See page 6.

Dog Bone® Cork Sandal Sole Sheets

This EVA material is soft, flexible and lightweight to provide cushioning and shock absorption. the "Birk" tread has deep continuous grooves to make the soles slip resistant and durable. Colors: Black, Brown and White. 3/8" thickness.

#DOG ea.

Vibram® Composition Soles

Designed for application in the work, military, trekking/hiking and outdoor footwear categories. The compounds provide high abrasion and long wearing characteristics. Some compounds are oil resisting.

#V100 - Montagna® Full Sole:

The Vibram® lug sole. Use with style #100 heel. 22 iron. Black. (Matching heels available)

#V132 - Montagna® Block Unit Sole:

Remains the quality soling choice for rugged outdoor wear. 19 iron forepart, 51 iron heel. Black.

#V148 - Kletterlift Unit Sole:

Classic lug sole. Requires heel wedge. 15 Iron. Black.

#V1276 - Sierra Unit Sole:

For use on casual, outdoor and military footwear. 18 Iron. Black, and Camel.

Vibram® Gumlite® Unit Soles

Maintains its slip resisting characteristics in cold temperatures and on wet surfaces. These soles have the characteristics of rubber with half the weight.

#V1705 - Stowe Men's Gumlite® Lug Unit Sole:

Classic mini lug designed for men's casual and outdoor footwear. 16 iron forepart, 38 iron heel. Black or Brown.

#V1716 - Oxford Unit Sole:

12 iron forepart, 36 iron heel. Black or Brown.

#V1743 - Bologna Men's Unit Sole:

15 iron forepart, 49 iron heel. Black or Brown.

#V1757 - Middlebury Sole:

Designed with large lugs for comfort and durability. Ideal for casual footwear. 22 iron forepart, 53 iron heel. Black.

Solid Soles

Built for demanding environments and activities. Designed for maximum grip, durability and traction. They have high abrasion resistance, superior traction and are trimmable

#V1328 Elvis:

Ideal design for orthopedic and athletic applications. 10 iron Compound: TC4. Black, Tan or White.

Vibram® Morflex® Unit Soles and Cushion Unit Soles

Morflex® soles are made with an advanced micro-cellular soling compound. Morflex is one-third the weight of composition rubber. It is extremely resilient with great bounce combining foot support with comfort.

Vibram® Morflex® Unit Soles:

#V2021 - Oil Resisting Unit Sole:

Full lightweight work Sole. 33 iron forepart, 57 iron heel. Black, Brown, Sand.

#V2060 - Sport Unit Sole:

Classic casual walking sole. 27 iron forepart, 52 iron heel. Black, Brown and Sahara.

#V2062 - Olympic Unit Sole:

Ideal for rugged look comfort casuals. 22 iron forepart, 43 iron heel. Black and Brown.

#V2070 - Scooter Unit Sole:

Casual sport sole requiring heel wedge. 12 iron. Black, Brown and Sahara.

#V2345 - Line-Lite Unit Sole:

Lightweight sole for dress and casual applications. 14 iron forepart, 40 iron heel. Black or Brown.

Vibram® Cushion Unit Soles:

#V1012 - Silvato® Neoprene® Cushion Unit Sole:

Oil resisting outsole for application on work and service footwear. 21 Iron forepart, 51 iron heel. Black.

#V4007 - Neoprene Cushion Sole

Oil-resisting outsole designed for work and service footwear. 21 iron forepart, 51 iron heel. Black.

#V4014 - Christy Cushion Unit Sole:

Suitable for work, military and service footwear. 21 iron forepart, 45 iron heel. Black or Natural.

Blown Soles

Provides soft characteristics and weight reduction benefits. Applications ranging from lifestyle to work footwear. Lightweight, durable and trimmable.

#V516K - Long Haul Sole:

The density & physical make up of this lightweight sole provide outstanding wear characteristics. 18 iron forepart, 56 iron heel. Compound: Newflex. Black or Tan.
