FCC Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warranty

Macally peripherals warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year from the date of purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, Macally will repair or replace the product. This warranty shall not apply to products that have been subject to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered as normal use.

Warranty Disclaimers

Macally Peripherals makes no other warranties, express, implied or otherwise, regarding the BTBLMINIZKEY, and specifically disclaims any warranty for merchantability or fitness for a particular purpose. The exclusion of implied warranties is not permitted in some states and the exclusions specified herein may not apply to you. This warranty provides you with specific legal rights. There may be other rights that you have which vary from state to state.

Limitation of Liability

The liability of Macally Peripherals arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall Macally Peripherals be liable for costs of procurement of substitute products or services, or for any lost profits, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

Important Note:

1. Pairing light needs to be on and flashing during pairing process. If it's not flashing, press fn and P again and start all over to pair BTBLMINIZKEY with your device.
2. Please wait for BTBLMINIZKEY to be connected before entering your user's password during computer boot up.

Pairing the keyboard with Mac

1. After a Bluetooth device(for Mac) is selected, for the first time use, pairing is required. Press fn and P keys simultaneously to set keyboard in pairing mode, the device LED flashes blue.

Device LED flashes in blue

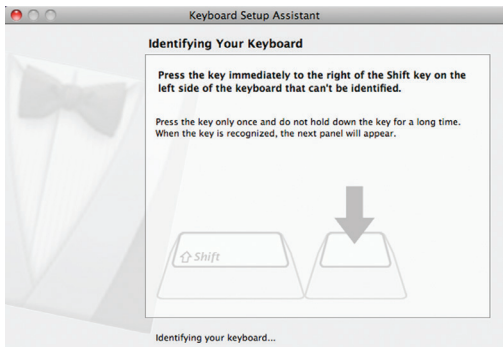

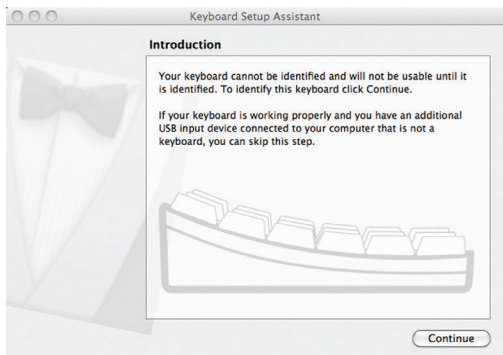

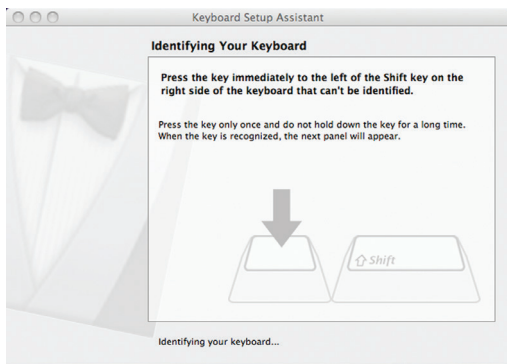

2. Please click the Bluetooth icon in your computer's menu bar located in upper right corner of your screen.

Make sure Bluetooth is turned to On then select "Open Bluetooth Preferences ..." in the drop down menu.

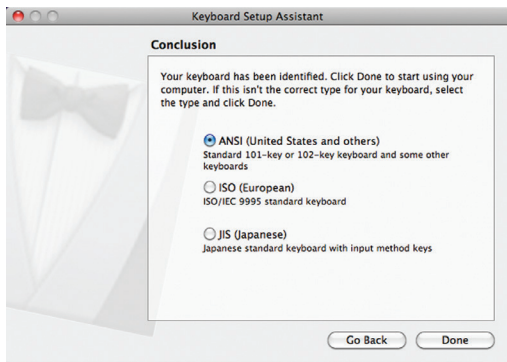

- Bluetooth window displays a found new Macally Bluetooth keyboard, please click on the "Connect" button next to it.
- Once pairing is finished, the Bluetooth keyboard shows "Connected" status.
- When Mac prompts you a message, "The keyboard can not be identified..." please follow Keyboard Setup Assistant guide to identify keyboard as shown below.

6. Select ANSI option, and click on Done button.

Please note that depending upon your Mac OSX version, your screen may look slightly different from the above diagrams.

Pairing the keyboard with Windows PC

1. After a Bluetooth device(for Windows PC) is selected, for the first time use, pairing is required. Press fn and P keys simultaneously to set keyboard in pairing mode, the device LED flashes blue.
2. In Windows 10 and 11, for example, open the Settings from the Windows menu or by pressing Win and I keys. Then click to open Devices icon.
3. Under Devices, select Bluetooth & other devices. Click on Add devices, select Bluetooth to add this keyboard. Make sure the keyboard Bluetooth channel LED is still flashing and discoverable.
4. Once you see the Bluetooth Keyboard model name appears, double click on it to connect. Please wait for the driver to install automatically, Windows will notify you when the keyboard is ready to use.

Pairing the keyboard with iPad/iPhone

1. After a Bluetooth device(for iPad or iPhone) is selected, for the first time use, pairing is required. Press fn and P keys simultaneously to set keyboard in pairing mode, the device LED flashes blue quickly.
2. Bring your iPad or iPhone near by the keyboard. Open up "setting" then Bluetooth.
3. Turn on Bluetooth, under the "Bluetooth" menu, it will auto search for the new Bluetooth keyboard....
4. Once it finds and displays MacallyBluetoothKeyboard model name, select it to pair with Macally Bluetooth Keyboard.
5. After pairing is successfully completed, it will show "Macally Bluetooth Keyboard.... connected". It is ready to be used with your iPad or iPhone.

Pairing the keyboard with Android Smartphones and Tablets

1. After a Bluetooth device(for Android) is selected, for the first time use, pairing is required. Press fn and P keys simultaneously to set keyboard in pairing mode, the device LED flashes blue quickly.
2. In Android device, under "Settings" select "Connected devices" then Bluetooth. Make sure Bluetooth is turned on to search for a new keyboard.
3. Select "Pair new device". Once you see Macally Bluetooth Keyboard model name appear, select it and it will automatically pair to your device.
