

KIDSNITELITE

MACALLY

RECHARGEABLE LED NIGHT LIGHT

User guide

USER GUIDE

Thank you for purchasing the Macally KIDSNITELITE. The Macally KIDSNITELITE is a portable LED light that you can take with you within the house at night to feed your baby, check on your kids or go to the restroom without the need to turn on a bright light. Easy to use, simply press the button to change the brightness (dim-mid-bright-off) and press/hold to adjust between warm white and clear white, and vice versa. The built-in 2500 mah Li-battery lasts for up to 6 hours at the brightest and 200 hours at the dimmest. It's solid and sturdy without loose parts to ensure your child's and your own safety. The Macally KIDSNITELITE comes with 1 adhesive hook to hang the light on the wall or bed, wrist lanyard to conveniently carry it with you or hang above the crib, a 1'/30 cm USB charging cable and user guide.

About this guide

Before you start using the Macally KIDSNITELITE, be sure to read this guide in its entirety.

- Red when battery is low

Hole for adhesive hook

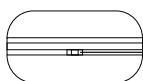

Action Button Actions

Press and release: Cycles through the multiple brightness levels (Dim, Mid, Bright, Off)

Press and hold: Switches between the two lighting modes (Warm and Cool white)

Quick double press: Turns the light off immediately

Adhesive hook

Lanyard hole

Lanyard

USB charging cable

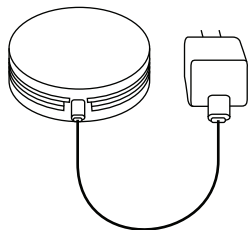

How to use the KIDSNITELITE

Charging

To charge the night light, simply connect the Micro USB end of the power cable to the back of the night light and the USB-A end to any USB-A power adapter (adapter not included).

Note: While charging, the battery status LED will blink blue and then turn to solid blue when fully charged. When battery level is low, the battery status LED will turn red.

Lighting Control

- Press and release the action button to cycle through the brightness levels (dim-mid-bright-off).
- Press and hold the action button to change the light from warm white to cool white
- Quick double press to turn the light off immediately

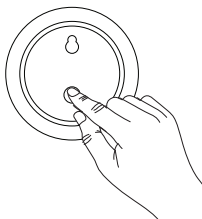

DIM

MID

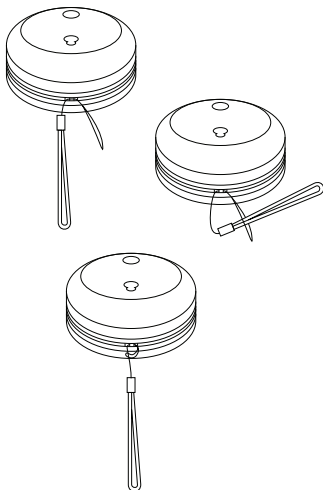

BRIGHT

Attaching the lanyard

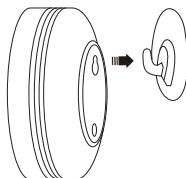

Slide the thin loop end of the lanyard into the lanyard hole then pull the lanyard through the lanyard loop

Using the plastic hook

Remove the protective film from the back of the hook and firmly stick it to the wall, dresser, etc. Hang the light on the hook.

NOTE: For a good adhesion, make sure the surface is free of dirt and let the hook sit for 10-20 minutes before placing the night light on it.

Warranty

Macally Peripherals warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year in North America from the date of the purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, Macally will repair or replace the product. This warranty is exclusive and is limited to the Macally MBTBUDS. This warranty shall not apply to products that have been subjected to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered normal use. The liability of Macally Peripherals arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall Macally Peripherals be liable for costs of procurement of substitute products or services, or for any lost profits, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.
