Hardware basics

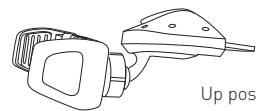

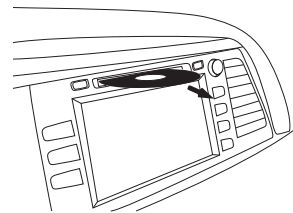

Installation instructions

Important: Please make sure you remove any CD from the CD tray before placing the MCDCLIP into the CD slot and make sure you park your car in a safe location before installing and/or adjusting the MCDCLIP.

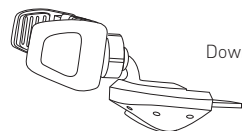

1. The clip is pre-assembled and shipped at full expansion to support larger phones. To shorten the clip's width simply hold-in the two side adjustment buttons and push the clip inwards as needed.

2. Eject any CD that may be inside the CD tray and determine the best mounting position for the MCDCLIP (up or down).

Down position

3. Place the MCDCLIP into the CD tray opening and pull the lock lever inwards to lock it into place.

NOTE: For cars with wider CD slot openings, please use the included spacers to help create a tighter fit as needed.

4. Once holder is securely in place you can loosen the ball-joint to rotate and angle the clip holder toward the driver, and turn to tighten the ball-joint. Then simply press-in on the clip lever to open the clip holder and place your phone inside.
