Hardware basics

Installation instructions

The Macally RFGRIPOUSE does not require special drivers and will automatically be recognized by the computer as soon as the dongle is inserted into a USB port. Simply follow the steps below and you are ready to go!

Remove the USB dongle receiver from the tray and insert it into any available USB port on your computer.

Remove the battery compartment cover to expose the battery compartment.

Insert the 2 AAA batteries, reattach the battery compartment cover and flip the on/off switch to the on position.

Note: You can configure the mouse buttons, pointer, pointer options and scroll wheel in the Hardware/Control Panel section of your computers settings and preferences.

Warranty

Macally Peripherals warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year from the date of the purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, Macally will repair or replace the product. This warranty is exclusive and is limited to the Macally RFGRIPMOUSE. This warranty shall not apply to products that have been subjected to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered normal use. The liability of Macally Peripherals arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall Macally Peripherals be liable for costs of procurement of substitute products or services, or for any lost profits, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.
