Bean Counters

The only thing standing between you and the jelly beans is your memory!

How to Play

1. Fill a glass bowl or jar with jelly beans.
2. Each round, let everyone observe the jar on all sides for 30 seconds, then cover it.
3. Draw a question from the strips below. Have players guess the number of jelly beans for the answer and write it down.
4. The person with closest guess takes that many jelly beans from the jar. Shake jar each round.
5. The player with the most jelly beans after 10 rounds wins.
