Learning Sign Language

Sign language is a system of hand gestures, movement, and facial expressions used for communication. American Sign Language (ASL) is one of several official systems used by Deaf people around the world.

ASL provides a sign for most English words along with a 26-letter alphabet.

Using this alphabet, signers may *fingerspell* to indicate places, names, or ideas for which there is no official sign.

ASL hand sign for "I love you."

This sign combines 3 letters of the ASL alphabet (I-L-Y).
