## GEMINI MAY 21-JUNE 20

Great things are in store, but nothing stays the same; get ready to make changes. If it's time to set the record straight, say what's on your mind to clear the air. Be careful what you wish for, you just might get it.

## CANCER

JUNE 21-JULY 22

If you want something bad enough, you can make it happen. Don't pay attention to people with bad-luck stories and attitudes to match. You are a sensitive sign and need to keep your energy clean.

## LEO

JULY 23-AUG. 22

This is an exciting time! Chance meetings can set you on a new path. Both romance and friendship are required for a relationship to go the distance.

## VIRGO

AUG. 23-SEPT. 22

Keep your emotions under check when you work with friends — business is business. If you believe in something, stand up and be counted. With love, be sincere.

## LIBRA

SEPT. 23-OCT. 22

A soul connection is in the stars, but don't confuse infatuation with love. When you need advice, take notice of your own inner wisdom before you consult a professional. Travel is in the stars.

## SCORPIO

OCT. 23-NOV. 21

A potent mix of love and money can send your emotions into overdrive. When at work, trust your abilities — don't allow anyone to intimidate you.

## SAGITTARIUS

NOV. 22-DEC. 21

A kindred spirit could end up a friend for life. Business matters look positive, but be careful of getting involved in something risky. This is the start of a new adventure.

## CAPRICORN

DEC. 22-JAN. 19

It's time to give your personal style an overhaul. Adopt a positive attitude, and kick negative thoughts to the curb. You are a strong person, be an individual. A golden opportunity has your name all over it. Love is also hot and happening.

## AQUARIUS

JAN. 20-FEB. 18

A love mate can steal your heart — but only if you are willing to hand over the key. At work, don't get stressed; everything will sort itself out. Face challenges head-on and play the game of life.

## PISCES

FEB. 19-MARCH 20

If you've been holding out for true love, make a wish it could come true! There are lucky stars around home, family and money; a pleasant surprise could change your life. To improve your social agenda, don't sit at home — be proactive.

## ARIES

MARCH 21-APRIL 19

When life speeds up, think fast to keep up. Work on priorities first and reschedule the rest. Where love is concerned, don't overanalyze a relationship. Your bank account gets a boost, but be careful you don't empty it faster than it fills.

## TAURUS

APRIL 20-MAY 20

At work, look for solutions, not problems. You need to think big but also be realistic about the journey you are on. Money matters look positive; speak up to ensure you get what you deserve. When you speak from the heart, no one can argue.
