Pool Restor™

Technical Data Sheet

Composition:

- Copper Sulphate
- Zinc Sulphate
- Other Materials

Product Description:

Pool Restorer is a metal-based pool chemical designed to restore and maintain the balance of copper and zinc ions in swimming pool water. These metals play essential roles in pool water sanitation and maintenance, aiding in the control of algae, bacteria, and other contaminants.

Key Features:

- Utilizes copper and zinc metals for effective pool water treatment.
- Helps prevent algae growth and bacterial contamination.
- Assists in maintaining water clarity and balance.
- Compatible with most pool filtration systems.

Application:

Pool Restorer is suitable for use in both residential and commercial swimming pools. It should be added to the pool water according to the manufacturer's recommended dosage instructions. Regular monitoring of copper and zinc levels is advisable to ensure optimal water quality.

Handling and Storage:

- Store in a cool, dry place away from direct sunlight.
- Always add RESTOR and other chemicals through the weir, never directly to the pool.
- Keep containers tightly closed when not in use to prevent moisture absorption.
- Use appropriate protective equipment, such as gloves and goggles, when handling the product.
- Avoid inhalation of dust or fumes. Use in a well-ventilated area.

Safety Precautions:

- Avoid contact with eyes, skin, and clothing. In case of contact, rinse thoroughly with water.
- Wash hands after handling.
- Do not ingest. If swallowed, seek medical attention immediately.
- Keep out of reach of children and pets.
- Dispose of empty containers according to local regulations.

Physical and Chemical Properties:

- Appearance: Blue/White powder
- Odour: None to slight metallic odour
- Solubility in Water: Soluble
- pH: Neutral

Packaging:

Pool Restorer is available in various packaging sizes to suit different pool capacities and user requirements. Common packaging options include plastic buckets or bags.

Shelf Life:

When stored under proper conditions, Pool Restorer has a shelf life of [insert shelf life here] from the date of manufacture.
