SUPERTRUMP
TECHNICAL DATA SHEET

SUPERTRUMP

Description

SUPERTRUMP is a liquid alkaline detergent, based on a blend of strong alkalis and sequestrants. It is specifically formulated for commercial dishwashing machines and high-pressure cleaning applications requiring a non-foaming, alkaline detergent. Balanced water conditioners for varied hardness conditions provide clear, free rinsing with no spots

Technical data

Appearance: Clear Liquid
Odor Oxitol
Viscosity 100 mPa.s at 25°C
Shelf life 12 month
pH >13
Relative density 20°C 1.01 kg/l
Solubility in water 20°C complete

Instructions for use

Dispensed via a dosing pump. Consult a Hall's representative for specific use directions.

Storage stability

Store containers to prevent it from Leaking, store the container in a cool dry place.

Safety

R38: Irritating to skin.
R41: Risk of serious damage to eyes.
S25: Avoid contact with eyes.
S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Advantages Of Formulation

Effective in hard or soft water
Automatically dispensed through dosing equipment
Economical in use
Good deep cleaning qualities in high pressure cleaning systems at concentrations of 2.5 – 3.0ml/L
Does not contain phosphates – environmentally friendly
