T10 BIKE SHINE
TECHNICAL DATA SHEET

T10 BIKE SHINE

Description

T10 Bike Shine is a ready to use water based Polydimethyl Siloxane emulsion. Formulated to impart gloss and is chiefly suited for use on bikes. Low viscosity allows ease of application directly by hand, spray with a soft cloth. T10 Bike Shine can also be used on plastic, rubber and vinyl.

Cleaning

T10 Bike Shine should be applied directly with a soft sponge or clean cloth. Dilution is not essential but can be diluted with water if wanted.

Storage stability

Store containers to prevent it from Leaking, store the container in a cool dry place.

Advantages Of Formulation

- neither corrosive nor toxic
- does not contain any solvents or other volatile organic matter
- very good materials compatibility
- only very small amounts are required
- can be diluted with water (max. 1:2)
