Description

REMOVES STUBBORN GREASE AND GRIME

Fast-acting foam clings to surfaces to work in seconds. Safe for bike finishes and components with no citrus solvents or acids. Easy to use, precision spray drives cleaning agents into chain links.

Safety instructions

For cleaning dirty bike finishes and components including their equipment, especially after cross-country rides or in bad weather conditions.

Cleaning

Spray the bicycle with the cleaner and – depending on how dirty it is – allow to act for three to five minutes. After BIKE CLEAN has had sufficient time to act, wash the bicycle with plenty of water using a hose with a fine spray. Do not point the spray directly at the bearings and axles.

Storage stability

Store containers to prevent it from Leaking, store the container in a cool dry place.

Advantages Of Formulation

Removes grease and grime

Clean foaming action

Works quickly and easily
