

6600VB

PROFESSIONAL VACUUM PRESSING TABLE

The new 6600VB is the perfect combination of great performance and great value. It's the professional's choice for pressing all types of garments, from shirts, to pants, to dresses, to jackets.

Pressing on a regular ironing board eventually leads to a damp ironing surface, making it impossible to get a clean, crisp finish for your garments. The 6600VB with powerful 0.8 H.P. vacuum motor is the model that more professionals count on.
