

VERVE 100SR

ROTARY STEAM PRESS

The Verve 100SR rotary steam press is a modern take on the Mangle from the past. Made with precision craftsmanship and commercial grade machining in the Czech Republic the Reliable Verve has firm roots in the centuries old art of pressing. This is truly the best in class with a value second to none with variable steam and temperature settings all at 120V. No need to arrange any electrical work. Plug and go!

The Verve 100SR takes the hassle out of pressing large items while saving precious time. The 33" open-end roller can be fed from both sides and will accommodate a wide variety of clothing as well. The steam functions and precise temperature setting options offer an elite level of fabric care and make quick work of large tasks. Press the old-fashioned way - with the ease of Reliable technology.
