

PROQUINTER SPRING HINGES

Spring hinges to suit either single swing doors or double swing doors. Typically used on bin stores, ranch doors, food industry doors and factory cabinets. With adjustable spring strength to alter closing power, supplied with tension bar and locking pin. Lubrication hole in knuckle. Riveted head standard for silver sprayed finish (except 200mm size) and classic threaded cap standard on stainless steel patterns. Brass and stainless steel hinges are only available with threaded classic caps.

NOT SUITABLE FOR USE ON FIRE RATED DOORS.

Material: Mild steel and stainless steel ex-stock.

Finish: Mild steel are silver sprayed finish (AVG) and stainless steel are satin finish.

Sizes: 75mm, 100mm, 125mm, 150mm, 175mm and 200mm ex-stock (please note 200mm not available riveted head in mild steel silver sprayed - supplied classic threaded cap only).

Packed: Packed in pairs without screws (except 200mm stainless steel which is supplied with screws).

Variants: Available with classic threaded caps. Also available with reverse springing to keep the door open. Zinc plated springs available to special order.

Handing: All hinges will suit either clockwise or anti-clockwise closing doors.

Fitting: Full instructions supplied in each box. Safety glasses should be worn during installation and tensioning.
