

Huck Hydraulic Power Rig

Huck power rigs or hydraulic power units are used for the installation of large diameter Huck bolts, the PR- 940-220AUS is an Australian built light weight compact electric unit that is suitable for a wide range of Huck guns.

Built tough for Australian conditions, the unit comes with large handles for easier lifting, simple adjustable hydraulic outlets and quick-connection hose couplings.

PR-940-220AUS	
Weight	30Kg
Dimension	Length: 354mm. Height: 470mm. Width 409mm
Output Pressure	Pull 39 300 kpa (5700 psi), Return 16 500 kpa (2400 psi)
Electrical System	230 volts, 50/60Hertz, single phase AC
Control System	Solenoid valve, 24 volts
Motor	12,000 RPM, (1-1/8 HP) 0.764kW, 20 amps nominal

** This power rig requires a high pressure hose, huck gun and nose assembly.*
