Boy meets girl. Boy loves girl. Boy starts a company with girl?

Sometimes, yes.

While most of us wouldn't deign to start a company with our significant others—or whoever you recently swiped right on—mixing business with pleasure isn't as crazy as it sounds. Take the 13 couples below. When these dynamic duos put their heads together, they wind up creating cool, covetable pieces for the home.

Whether you love love or just love some really good design, here are 13 great brands founded by couples.
