

AWARD-WINNING SOLUTIONS AND SERVICES

Canon's commitment to delivering outstanding imaging solutions and exceptional services to its customers is reflected in the awards and recognition received.

imageRUNNER ADVANCE ACCOLADES & AWARDS

Keypoint Intelligence - Buyers Lab 2020, 2018, 2017, and 2016 Copier MFP Line of the Year for the **Canon imageRUNNER ADVANCE and imageRUNNER ADVANCE DX Series**

For the fourth time in five years, Canon has earned BLI's prestigious Copier MFP Line of the Year award. Canon is also pleased to announce that the A3 imageRUNNER ADVANCE DX series has been added to Canon's previous recognition as the 2020 Copier MFP Line of the Year.

"When it comes to reliability and usability, Canon's copier MFP lineup is at or near the top in the industry," said George Mikolay, Keypoint Intelligence's Associate Director of Copier MFP/Production Analysis. "I would hope to see similar results from the new DX

lineup when testing is completed. The control panel has always been well designed and can be customized in many ways, all to suit individual users' preferences. It's also simple for users to pair mobile devices with the MFP for printing and scanning. Canon's devices have always further been complemented by an outstanding software line, including Canon's MEAP platform, uniFLOW and uniFLOW Online Express, and Universal Login Manager, to boost security and control costs."

WideFormat ACCOLADES & AWARDS

Colorado 1650 UVgel Printer—Gold Award - Most Progressive Printing Process, Wide Format Roll Inkjet - 2019 Canadian Printing Awards

The Colorado 1650 further enhances the groundbreaking Colorado Series of roll-to-roll printers. It uses a new ink formulation (UVgel 460 inks) that delivers the same outstanding quality and vibrant colours as the Colorado 1640, but now with even greater levels of flexibility.

The new features also enable users to handle peak periods with fast output speed, instant-dry printing and multiple media rolls as well as improve profitability with low running costs thanks to reduced ink usage.

PRODUCTION ACCOLADES & AWARDS

imagePRESS C910 Series—Gold Award Most Progressive Printing Process, Digital Toner - 2019 Canadian Printing Awards

The imagePRESS C910 Series is the Third Generation of Canon's light production colour digital press platform aimed at the print-for-pay and commercial print markets. It increases the number of possible print applications producible using a digital printing device. Thirty-two overlapping Red-VCSEL lasers produce exceptional offset-like print quality.

It prints paper sizes larger than standard sheet sizes for digital printing, up to 13" x 30" for duplex and 13" x 51.2" for simplex. It also supports auto-duplexing on all device-supported weights of up to 350 gsm on coated and uncoated covers.
