

Read all instructions before assembling crib. Follow all product warnings on crib.
Keep the manual in the sleeve provided for future use.

WARNING: Failure to follow these warnings and assembly instructions could result in serious injury or death.

Caution: Any mattress used in this crib must be at least 27 1/4 in by 51 5/8 in (69 cm x 131 cm) with a thickness not exceeding 6 in (15 cm).

•This crib is to be assembled by an adult•

- Warning: Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a crib or attach strings to toys.
- DO NOT place a crib near a window where cords from blinds or drapes may strangle a child.
- Keep wall decorations, especially those with strings, completely out of a child's reach.
- Before each usage or assembly, inspect crib for damaged hardware, loose joints, missing parts or sharp edges. DO NOT use the crib if any parts are missing or broken. Ask your dealer or contact manufacturer for replacement parts and instructional literature if needed. DO NOT substitute parts.
- Check fasteners periodically for tightness. Do not overtighten. This may cause distortion or breakage.
- When a child is able to climb out, reaches the height of 35 in. (89cm) or when the height of the side rail is less than 3/4 of the child's height, the crib shall no longer be used.
- DO NOT use a water mattress with this crib. •If refinishing, use a non-toxic finish specified for children's products.
- When a child is able to pull to a standing position, set the mattress to the lowest position and remove bumper pads, large toys and other objects that could serve as steps for climbing out.
- Never use plastic shipping bags or other plastic films as mattress covers because they can cause suffocation.
- Do not tie pacifiers, necklaces, or any other items around a child's neck or on crib parts. This could cause strangulation.
- Use a crib as a crib, not as a play pen. Remember that a crib is not a substitute for a parent's supervision.
- Parents should ensure a safe environment for their child by checking the crib regularly before placing the child in the product. Please make sure that every component is properly and securely in place.
- Infants can suffocate in gaps between crib sides and a mattress too small.

WARNING: Infants can suffocate on soft bedding.
•NEVER add a pillow, comforter or padding.
•NEVER place additional padding under an infant.

- To help prevent strangulation, tighten all fasteners. A child can trap parts of body or clothing on loose fasteners.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their back to sleep, unless otherwise advised by your physician.
