SOUTHERN-CRAFTED GOODNESS SINCE 1812

For more than 200 years, House-Autry has continued to improve upon one simple philosophy: “Make it easy, make it authentically Southern and keep them coming back for more.” Our millstones grind kernels of white and yellow corn to produce the highest-quality milled corn-based products on the market today. House-Autry is the gold standard of Southern flavor.

Our One-Step Breading Process Does Not Require Milk or a Pre-Wash

The milk and eggs are already in the mix, so you save time and money—which translates into higher profits. Simply moisten the food with water, roll it in the breader, and fry or bake.

That’s all it takes for great-looking and great-tasting food that keeps your customers coming back for more.

Only the Best Ingredients

Quality is #1 at House-Autry Mills. We use the finest and freshest ingredients, and our quality assurance department tests every batch of breaders and mixes to ensure that only the highest-quality product is delivered to you.

No-Risk Guarantee

Your satisfaction is important to us. At House-Autry Mills, we stand behind every case of product with a no-risk guarantee.

Every Breeder You'll Ever Need

Other fine House-Autry Mills products include a biscuit mix for light and fluffy biscuits, an all-purpose breeder, and other cracker meal-based breeders that can be used to add a crunchy coating to a variety of foods.

If you have a specific need for breeders or mixes, look no further than House-Autry Mills. We provide custom-blended products that can be the start of your signature menu.
