

PRODUCTION ASSISTANT

We're looking for a fresh face to join our production team.

Since 2011, we've sourced, roasted and brewed the best coffee we can possibly find. Operating from our Bethnal Green roastery we aim to showcase the incredible work done by farmers and producers at origin, curating an ever-changing selection of coffees as harvests come and go.

Working within the close-knit team a Production Assistant must have an attention to detail, be comfortable moving heavy weights and work both quickly and efficiently.

Daily tasks include:

- Weigh out green coffee accurately.
- Label and pack bags of roasted coffee.
- Use of essential Quality Control equipment, logging data correctly.
- Ensuring the roastery is clean and tidy at the end of each day.
- Cupping, tasting or just drinking delicious coffee, from Workshop Coffee and roasters all over the world.

As well as a competitive wage you'll have the aforementioned access to delicious coffee every day, can take home a 250g bag of our coffee each week and will receive discounts on our retail items.

Full training will be given in all aspects of the job.

If you're looking for the next step in your coffee career, or are ready to take the first one, please send us a PDF of your CV, along with a brief covering letter, to work@workshopcoffee.com

We look forward to hearing from you.
