

Assembly Instructions

SENIOR WORK STATION

#445 & #445-D

Step 1 - Assemble Bar Holders to Tray on Work Station (Nuts to outside of tray and bracket flush with outside edge of tray) See Example 1.

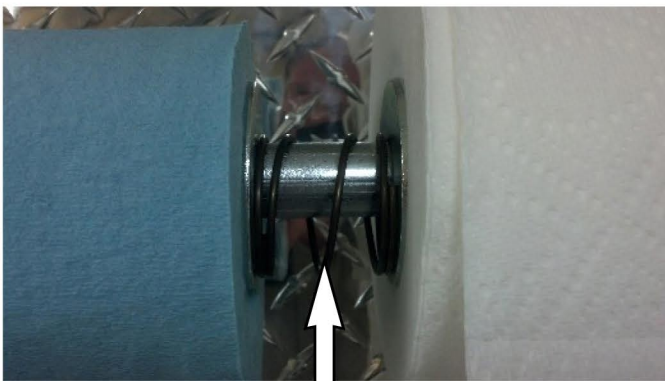

(Parts required for step 1)

(Example 1)

Step 2 - Assemble parts on to shaft, add a roll of towels to each end of the bar and slide through bar holders (See Example 2) then add Clips to both ends of bar as shown (Example 3)

Note: Be sure to place spring in between washers.

The Finished Product!
