

# ARCHITECTURAL BARS

New from Event Lighting comes our range of affordable IP rated, low voltage LED bars. There are many options in both number of LEDs and beam angles to suit any application.

## IPBAR A

|                      |  |
|----------------------|--|
| LED                  | 1 W RGB 3-in-1/1 W RGBW 4-in-1   |
| Length (m)           | 0.3/0.5/1  |
| Section Control      | Available  |
| Beam Angle           | 8°/15°/30°/45°/60°/10x60°  |
| Control              | DMX512   |
| IP Rating            | IP67   |
| Optional Accessories | External 24 V power supply, external programmer and controller, extension cables |

## IPBAR B

|                      |  |
|----------------------|--|
| LED                  | 1 W RGB 3-in-1/1 W RGBW 4-in-1   |
| Length (m)           | 0.3/0.5/1  |
| Section Control      | Available  |
| Beam Angle           | 8°/15°/30°/45°/60°/10x60°  |
| Control              | DMX512   |
| IP Rating            | IP67   |
| Optional Accessories | External 24 V power supply, external programmer and controller, extension cables |

## IPBAR C

|                      |  |
|----------------------|--|
| LED                  | 1 W RGB 3-in-1/1 W RGBW 4-in-1   |
| Length (m)           | 0.3/0.5/1  |
| Section Control      | Available  |
| Beam Angle           | 8°/15°/30°/45°/60°/10x60°  |
| Control              | DMX512   |
| IP Rating            | IP67   |
| Optional Accessories | External 24 V power supply, external programmer and controller, extension cables |
