

Antari W-715 Fog Jet is a special effect fog machine!
Brand new heating system can provide strong fog outputs in 20 seconds but also efficiently maintains the machine's temperature level to effectively reduce the timing needed for reheating.

Completely new liquid cable system redesigned for this W-715 to clean residues from preventing too much fog outputs.

Using the "Jet" mode can fast provide special "Jet Fog" effects. Through the LCD interface, W-1 wireless remote control module and the internally built DMX512 to enhance the multi functions in a much smarter way!

The FLC (Water-based) Super Fast Dissipation liquid especially designed also for W-715 includes brand new recipe to quickly dismiss the fog to provide a much perfect special effects.

Features

1. 1500W huge output power
2. Internally built-in 2 second output mode
3. Spectacular and powerful Fog output in a fastest and highest way
4. Spectacular and powerful Fog output in a longest and effective way
5. Multi-lingual user interface
6. Special design to induce extra liquid back to the liquid cable system

Specification

Input voltage	US model:AC100-120V, 50/60Hz 13.6A EU model:AC220-240V, 50/60Hz 6.8A
Rated power	1600W
Warm-up time	7.5 minutes (approx.)
Fluid consumption	300 ml / min
Fluid tank capacity	2.4 Liters (0.63 gallon)
Compatible fluid	Antari FLC Super Light Fog Fluid
Ambient temp. range	0°C-40°C (32°F-104°F)
Output	8 meters height
Control	DMX512, Timer, Manual, Wireless
DMX channels	1 channel
Connection	Neutrik Powercon (Power) XLR 3-pin and 5-pin (DMX)
Optional accessories	FX-4 Flightcase
Dimension	L448 W295 H210 mm (L17.64 W11.61 H8.27 inch)
Weight	15.5 kg (34.17 lbs)
