

Ring Size Guide

Important tips before you start

- ✓ Measure your finger in warm temperatures at the end of the day, as the finger will be at its largest during this time.
Fingers tend to shrink in the morning and in cold weather and get bigger when it's warm and in the evening
- ✓ If you hesitate between two sizes we recommend you get the larger size
It's easier to size a ring down
- ✓ Measure the finger on the hand you plan to wear the ring on
Fingers on one of the hands are usually about half a size larger than on the other hand
- ✓ For the most accurate measurement, measure your finger several times to compare

Option 1: Measure your finger with a string or ribbon

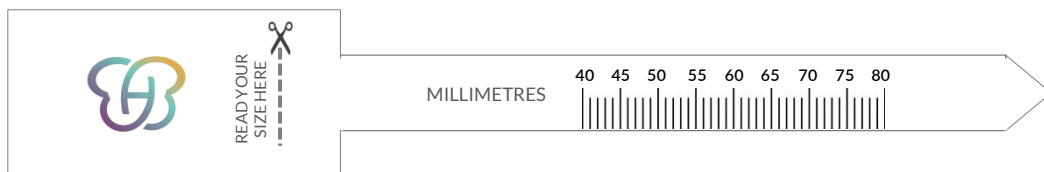

1. Take a string or a ribbon
2. Wrap the string / ribbon around your finger, just below your knuckle, and ensure that it fits snugly
3. Find the point on the string or ribbon where the ends meet and mark it with a pen
4. Measure the length of the area marked in millimeters with a ruler
5. Use the chart on the last page of the document to identify your size

*If you would like further assistance, please send us an email at contact@bhappybrand.com. We would be happy to help you.

**Please note that the information in this guide is provided for guidance only. BHappy Brand cannot be held responsible for any errors that occur as a result of measuring your finger.

Option 2: Measure your finger with BHappy Brand's Ruler

1. Print this page. Prior to that, go to the "Print settings" and ensure that:
 - The "page scaling" option is set to "none"
 - The page will be printed in A4 size (21 x 29,7 cm or 8.3 x 11.7 inches)
2. Position your credit card on the line below. If it lines up, your page has been printed properly
3. Cut out the ruler and create a slit by cutting under the dotted line
4. Wrap the ruler around your finger with the numbered side visible, place it just below the knuckle. Insert the tapered end in the slit and pull it through until the ruler fits snugly
5. Check your size on the ruler

*If you would like further assistance, please send us an email at contact@bhappybrand.com. We would be happy to help you.

Option 3: Measure by matching an existing ring

1. Print the next page. Prior to that, go to the “Print settings” and ensure that:
 - The “page scaling” option is set to “none”
 - The page will be printed in A4 size (21 x 29,7 cm or 8.3 x 11.7 inches)
2. Position your credit card on the corresponding line at the top of the next page. If it lines up, your page has been printed properly
3. Take an existing ring that fits you well or, if it is intended to be a gift, borrow one of the recipient’s rings. Choose the ring with a similar width as the ring you would like to purchase (but no wider than 3mm)
4. Place the ring on one of the circles. To identify your size find the circle with the outer edge perfectly aligned with the inner edge of the ring
5. If your ring falls between two sizes, we recommend choosing the larger one

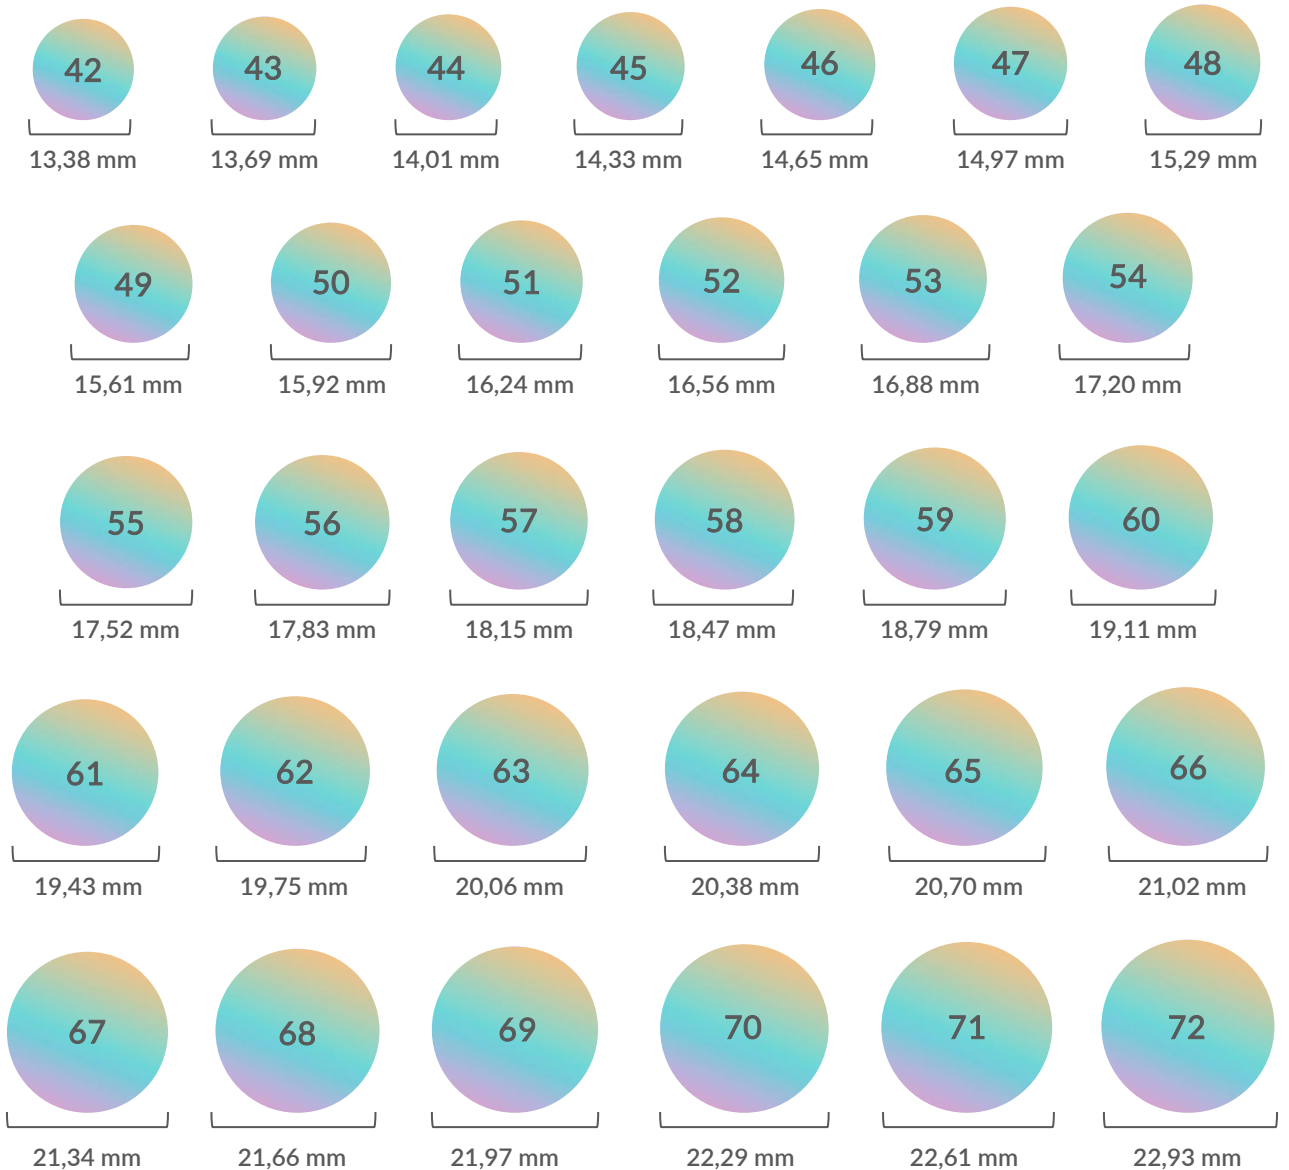

**BHAPPY Brand uses the European ring sizes. To find the equivalence in your country please see the chart on the last page of this document*

*If you would like further assistance, please send us an email at contact@bhappybrand.com. We would be happy to help you.
