

YOUR DOCTOR DISCUSSION GUIDE

Making an informed decision begins with open and honest communication between you and your doctor. This guide will help you explore how Haelan 951 may work for you.

QUESTIONS FOR YOU

1) What is my current approach to treatment? How often am I undergoing this?

2) What are the positives and negatives seen from treatment?

3) Why do I want to begin intake of Haelan 951?

QUESTIONS FOR YOUR HEALTHCARE PROVIDER

Haelan 951 is a safe and effective, fast-acting nutritional aid that can be used by cancer patients. It can help users maintain strength, immune system function and nutritional profile during treatment. It is the #1 selling non-prescription nutritive in the world, and can be covered under insurance. Haelan 951 works by flooding the immune system with specialized compounds known to help chemotherapy and radiation patients. These include compounds that promote cell repair, rebuild muscle tissue and facilitate a healthy treatment response. Haelan 951 is a liquid nutritional aid that has clients whom have seen mitigated side effects of chemotherapy and radiation therapy.
