

## 4-Fabric Modern Placemats

### Fabric Requirements

0.4m (each) of four co-ordinating fabrics

0.6m binding

0.8m polyester batting (44"wide)

### Directions

1. Cut 1 piece @ 14" x 20" from each fabric for front.
2. Cut 1 piece @ 14" x 20" from each fabric for backing.
3. Cut 8 pieces @ 2 1/2" x wof for binding.
4. Stack your front pieces on top of each other as accurately as possible.
5. You are going to cut all four layers into an identical pattern. It's easiest if you draw a plan on paper first, then decide where the most pleasing balance of lines is. Draw lines on your top fabric to match your paper plan.
6. Cut on these lines to make 4 obscure triangles (or shapes that are roughly triangles).
7. Take a piece numbered 1, 2, 3 & 4 from each fabric. (Double check to be sure they are all different.) Sew together starting with 2 & 3, then 1 & 4. Press all your seams open. Join these two units to make a rectangle.
8. Repeat for the next 3 placemats.
9. Layer your placemat, batting & backing.
10. Quilt. It makes a nice pattern to quilt in a V formation on each of the different fabrics.
11. Trim & bind.
