# A MESSAGE FROM US

Thank you for giving us the opportunity to help with your gifting needs this season.

Supporting local is at the very heart of Foodies Collective.

As partners of the NSW Love Food, Hate Waste program, we also care deeply about the environment. Our packaging including the filler and postage bags are recycled and/or compostable products.

We take pride in partnering with outstanding Australian small-batch producers & selecting undiscovered products that aren't seen in traditional hampers. It's our mission to create a premium, delicious & memorable gift experience for your lucky recipients.

Discover, Taste, Support Local with us.
