a delicious premium australian gift experience

a message from us

Supporting local is at the very heart of Foodies Collective.

We'd love to help you thank and acknowledge the people that matter most to your business - partners, staff and clients.

Creating a premium, memorable and delicious gift experience is our mission, hand selecting 'undiscovered' products that aren't seen in traditional hampers.

Inside the Discovery Gift Box is not only the opportunity to discover and taste incredible Australian artisan foods but an enriching storytelling experience.

Discover. Taste. Support Local with us.

the ready to go 'discovery gift box'

Think of it as a gourmet farmers' market in a box. We search the country, from the Margaret River to Byron Bay, for the most talented artisan food makers & bundle their delicious products together to create a premium gift experience.

Each box is beautifully crafted, the contents are wrapped in premium grade tissue paper and sealed with our matt black sticker.

#tasteoflocal

6-10 pre-selected premium gourmet foods inside each box. 100% Australian made & owned.

small batch. big hearts

Small batch gourmet products made by local passionate producers.

flavour

Because "Life's too short to eat bad food". Flavour will always be at the forefront when selecting products.

no nasties

No artificial preservatives or additives.

a meaningful difference

Inside every ready to go box is our exclusive glossy mini-zine which celebrates the producers and their food.

Inspiring interviews, delicious recipes, serving suggestions plus more!

Our intention is to provide a gift that is much more than a box of goods...despite those goodies being amazing...we want to create a truly exciting and inspiring foodie experience.
