

# Aromatic Finishing Sugar

LAVENDER FLEUR

FLORAL,  
WOODY, SWEET  
HERBACEOUS

THE *new*  
old way to use sugar

*The light floral and herbal aroma of this infused sugar lends itself to many creative dishes and refreshing drinks. These subtle notes pair nicely with the flavors of apples and strawberry. It is made to be used as a year round kitchen staple. Made with certified organic cane sugar, organic lavender botanicals and organic lavender oil.*
