WRINKLES & VISUAL APPEARANCE

Due to a combination of the elasticity of the covering, the nature of the interior construction and the design for comfortability of the product, the model may exhibit differing levels of wrinkles.

The models need to be dressed on a regular basis to maintain their appearance and the wrinkles should not be considered as a manufacturing defect, but a natural characteristic of the product.

NOTES

- Contrast stitching is available only with certain covers and option is managed directly in NARES.
- CUBICOMFORT™ Triple-Motion Technology is a registered trademark. It denotes a set of independent motion systems that activate the various elements of the sofa (seat, backrest, headrest and footrest) allowing each person to adjust their position of absolute comfort to the millimeter.

- Models with triple motion mechanism have a "home" button that resets from the relax position to the original position all in one movement. The "home" button is the first of the three switches and is activated by continuous pressure.
