SPHERO BOLT **SUPER SENSES** MISSION

BOLT: SUPER SENSES MISSION

BOLT has some incredible senses without being bit by a spider! Gather some teammates and create or join a super squad because now is your time to activate the super senses of BOLT to complete the superhero missions!

Teams will design, program, and engineer their BOLTs to solve the superhero challenges that await them.

ONLY THE BRAVEST SUPERHEROES WILL BE READY TO TAKE ON THE CHALLENGES OF:

- Programming multiple BOLTs to navigate through complex missions and challenges.
- Harnessing the power of BOLTs sensors to show off your programming prowess.
- Creating and engineering interactions for BOLT as part of the mission objectives.

During the challenge season, you will document your learning in your engineering journal. Each team will showcase the mission objectives by submitting program code, providing a video of their BOLTs completing the outlined challenges and completing a creative challenge.
