# specdrums ART BEAT

## specdrums ART BEAT

minimi

The world is your instrument! Follow these steps to create your own Specdrums Play Pad.

- Assemble your Play Pad using the suggested materials (see Materials Card). Limit yourself to 8 distinct colors, avoiding black and white.
- Use the Specdrums Edu app to choose a sound pack and assign your custom colors to notes and sounds.
- Save your project, then export and print out its QR code. Attach the QR code to your Play Pad so that others can scan it and play it!

#### **EXTENSION:**

Stage a Specdrums concert and give awards to the most innovative Play Pads and performances.

For tutorials, templates, and more, visit **sphero.com/education/specdrums** 

#### **MATERIALS**

- Specdrums Rings
- Mobile Device
- Cardboard, construction paper, and/or printer paper
- Glue or tape

- Scissors
- Crayons, markers, and/or paint
- Any other colorful objects!

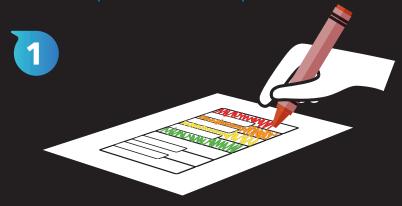

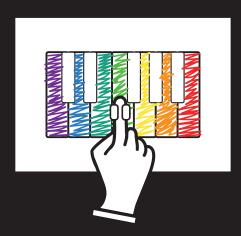

#### **INSPIRATION #1**

Try your hand at a baby grand using crayons or markers.

Get templates at phero.com/education/specdrums

### **INSPIRATION #2**

Produce a beautiful symphony on a bowl of produce.

### **INSPIRATION #3**

Paint a painting and play your art out.
