

GlucoEmpreinte Cucumber Mask

moisturizing & remineralizing

With its high content in sugar, our peel-off range **GlucoEmpreinte is the ideal base for soft treatments with delicate satin-like touches.** Glucose gives suppleness and comfort for the skin while combining harmoniously with our aromatic & oceany treatments (seaweed, fruits and plants) to recharge the body in minerals, vitamins & trace elements.

GlucoEmpreinte cucumber is a **comfort mask ideal to softly refresh and remineralize the skin.**

Natural moisturizing activity

Cucumber juice is a natural beauty product. Cucumber can also be applied directly on the skin for an instantaneous **moisturizing effect which improves the brightness complexion.** Its high content in sulphur gives it an astringent activity **which purifies the skin through a pore-tightening effect.**

Extremely rich in water (more than 96%), the cucumber is an outstanding moisturizing plant all the more as this composition water contains many **minerals and trace elements.**

Remineralizing activity

Potassium, phosphorus, magnesium, sulphur are the main minerals which could be physiologically useful for the body. With a high content in potassium and a low sodium rate, cucumber has a **detoxifying activity** on the skin.

face peel-off, cucumber, sugar, moisturizing, remineralizing

Dose: 30 g of powder and 90mL of water.

Pour all the water at once on the powder, stir quickly and vigorously during one minute to get a homogeneous paste.

Important: use water at 20°C.

Apply the paste immediately to the face. The mask sets in 6 minutes following the application.

Leave the mask to perform its function at least 15 minutes.

Remove it by peeling off in one whole piece.

Use before: 24 months

Cucumber can be applied directly on the skin.

Extremely rich in vit. C, cucumber pulp has also a « raison d'être » for moisturizing & anti-wrinkles creams.
