Nourishing activity

Famous energetic fruit, the banana is also a treasure for skin balance. Its double mineral and vitamin richness **nourishes the skin** and intervenes in tissue formation through **collagen renewal**. Banana can be used on any type of skin, offering softness to even the most sensitive skins.

Regenerating activity

Rich in **vitamins B & C**, banana improves the skin's resistance while promoting **cellular renewal**. Associated with the **restructuring ability of magnesium**, which is also abundantly found in bananas, this vitamin cocktail **regenerates and revitalizes the skin**. Vitamin C also has a strong **anti-oxidant** activity, retaining and neutralizing free radicals responsible for early skin aging.
