

HELPING YOU WITH...

BARWARE

THE BARWARE SOLUTIONS FOR YOU

WELCOME

In addition to our great range of wines, beers and spirits we can also bring you everything that you need to serve your customers! Our unique range is so much more than just what you pour in the glass We really are helping you with...

Craft beers, cocktails, and champagne are bar trends predicted for growth within the UK over the next few years and what better way to show off that you are on trend than with a range of stylish and durable glassware. From champagne flutes and high ball glasses tulip beer glasses.

We also stock a large number of bar necessities including bottle openers, measures, cocktail shakers, ice buckets, thimbles, juice pourers, speed pourers and other tools including muddlers, strainers and tongs for fruit.

Not only do we have a fantastic selection of barware, but we have a corresponding range of disposables to help with all your needs. Flexy glasses give you a great alternative to glassware and are perfect for takeaway too. You can also choose from a selection of barware accessories such as straws, stirrers and a wide range of napkins in a selection of colours.

And we know that first impressions count that's why we have a range of cleaning products that will really make that first visit back a memorable one from the right glass washer detergent and rinse aid giving a an outstanding first time wash, too beerline cleaner ensuring you only serve the freshest tasting beer from the cleanest of pumps.

Maintaining hygiene standards may seem like a big mountain to climb, but with the correct hygiene products such as surface santisers, glass cleaning and hand sanitisers will help you keep your bar safe. Colour coded cleaning and essential part of any hygiene process can easily be achieved with using the correct mops, buckets and cloths.

So take look at how we can help you with all your essential Barware needs.

CONTENTS

- 3 BAR EQUIPMENT
- 9 BAR DISPOSABLES
- 12 BAR HYGIENE

A bartender is shown in a dimly lit bar, pouring a clear liquid from a silver jigger into a stainless steel cocktail shaker. The bartender is wearing a dark shirt and has long dark hair. In the foreground, a martini glass filled with ice and a clear liquid sits on the bar. The background is filled with blurred lights and bottles, creating a bokeh effect. The text "BAR EQUIPMENT" is overlaid on the image in a bold, sans-serif font. "BAR" is white, and "EQUIPMENT" is purple.

DID YOU KNOW?

To make sure that glasses always sparkle follow these simple tips.

1. Make sure the glasswasher is set to the correct temperature.
2. Check that the water is clean.
3. Make sure you have enough detergent and rinse aid in the machine
4. Re-fill and regenerate (where fitted) the water softener, this will help to stop the droplet stains.
5. Follow the daily & weekly cleaning recommendations as set out by the manufacturer.

Not only will following the above give you great looking glassware but it will also improve the finished product quality of your drinks giving your customers a great all round experience.

A good value handle with the T1 screw thread suitable for use with both screw thread and exel sockets. Fits a wide range of our mop and broom heads.

35407 • 10 x 1

DID YOU KNOW?

Glasses should be renovated on a regular basis, ideally at least every two months. Look out for the following signs, indicating if your glasses need to be renovated!

1. If the glass shows a rain drop effect immediatley after the glasswasher has completed its cycle.
2. If there is a film of bubbles on the inside of the glass then this is a sure sign that the glass is not clean.
3. Look out for a beige or black depost's around the door seals and hindges of your dishwasher. If this exists it will transfer to all the glasses and give poor results. The cholrine renovate will also serve to sterlise the glasswasher.

Dustpan And Brush Set Soft Green

A professional quality dustpan and brush set with soft bristles, made from tough, hardwearing plastic. The dustpan has a rubber lip at the front for better dirt collection.

How to Sanitise your hands

Washing your hands with soap and water then using sanitiser is recommended. If soap and water are not available, applying sanitiser helps prevent the spread of germs.

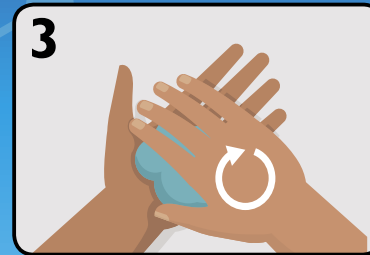

Follow these simple steps:

Remove any jewellery

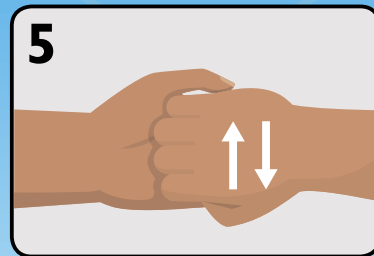

Dispense a dose of sanitiser into the palm of your hand

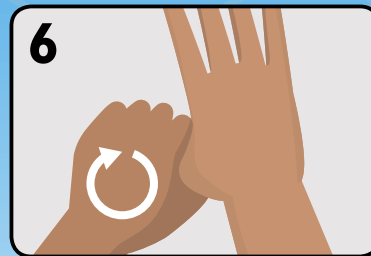

Rub hands palm to palm

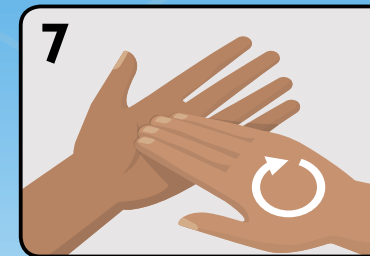

Fingers interlaced, rub palm to palm and then right palm to back of left hand and vice versa

Cusp back of fingers into opposing palm and rub side to side

Clasp right hand around left thumb and rub thumb in rotational manner and vice versa

Rub in a rotational manner backwards and forwards by placing finger tips of right hand in left palm and vice versa

Keep rubbing until hands are thoroughly dry

Your partners in hygiene for the perfect clean

PLACING YOUR ORDER ONLINE WITH BIDFOOD IS AS EASY AS...

- 1.** Quick online account set up
