

The Discover More Game

Why should your child have all the fun?

Discover More helps families to be playful together, supporting the *FIRST*® LEGO® League program and STEM learning.

- Play together to explore teamwork, expression, and collaboration, and challenge yourself to solve the tasks.
- Activate your brain and build STEM skills in a hands-on way.
- Be sure to modify the game with your own tasks and house rules to discover new ways to play.

Let's get started

Together with your child, take a set of 6 bricks each. Both of you will make a tower, balancing your six bricks, short end to short end.

- Try changing the hand you use or close your eyes.
- Try building a tall tower with all 12 bricks.
- Talk about how you both managed to balance your bricks.
- What made it easier or harder to build the tower?

Scan for more activities!

Now let's play

SETUP

1

Gather a die, your family, and your Discover More set.

2

Each player finds a token to place in Home.

3

Roll to see who goes first.

PLAY

4

On each turn, the player rolls the dice and moves in any direction.

5

Score a point for completing a task of the type you land on.

6

The object of the game is to earn 12 points among all players.
