

## On Call Catering Team Member

### Who we are

We're a cheese-obsessed, hard-working, fun-loving, and passionate group. We thrive doing work we're proud of while helping each other succeed. Our motto is "eating is learning", and we want to give our customers and staff opportunities to connect to traditional foods in a variety of delicious ways.

### The Role

Do you love cheese and love working with people? Then we have a great opportunity for you!

Our catering and event departments are growing rapidly and we always need good help! We are currently looking for flexible, service oriented individuals to grow our on-call team.

Candidates should have some high volume, fine dining or catering experience. Flexible availability is a must and those who are a great fit will be considered for long-term opportunities. Duties include setting up for events, light food prep, bartending, serving, facilitating a great time, and cleaning up after the party is over.

We're a small team of cheese lovers who strive for a happy, healthy, and efficient working environment. Our ideal candidate(s) will help to maintain these values. Please send us a detailed cover letter about your interest and relevant work experience. We are as interested in hearing about you and your enthusiasm as we are in your resume.

If you are interested in working at The Cheese School as part of our on-call staff, email us at [jobs@thecheeseschool.com](mailto:jobs@thecheeseschool.com) for an application form.
