Call your Insurance Agent Today. ***Yahoo Finance News - Average Insurance Savings. Water Leak Detection Discount.*** *Having a water safety system in place to prevent damaging leaks can qualify you for a home insurance discount, but the amount of the discount will depend on how advanced the system is.* YoLink is the Smart Home Leader.

What’s the risk from Water Damage? Water leaks are one of the leading causes of homeowners' insurance claims. According to the (EPA), The average family can waste 180 gallons per week, or 9,400 gallons of water annually, from household leaks. <https://www.epa.gov/watersense/statistics-and-facts> From the rooftop to the basement, leaks can occur on every level of your home, beginning at your washing machine, water heater, toilets, sewer/sump pump, refrigerator, dishwasher, sinks, showers, HVAC system, roofs, gutters, and downspouts, making water damage something most homeowners will experience in their lifetime. It can happen in a bathroom, laundry room, on the first floor or on the second floor. Regardless of the cause, a water leak detection system from YoLink protects using Sensors and Smart Valve Controller that will help safeguard your home and prevent damage from water leaks and floods.

What’s your Solution? Yolink Sensors and Smart Water Valves! With *YoLink’s advances in connected home technology*, their new types of smart devices can be detected by using a YoLink sensor and the YoLink water valve controller can even stop a plumbing leak instantly. <https://shop.yosmart.com/> All YoLink devices have 24/7 Notifications capabilities (single or multiple contacts) via emails, SMS, via an APP on your Smart Phone or PC, add an optional Audible notification from a YoLink audible device. Integrity Monitoring. Smart Device Integrity Monitoring (S.D.I.M) means your smart device has 24/7 monitoring for communication and device health. Should your device fail to communicate or have a device health issue, you can be instantly notified (per your alarm strategy settings).
