ALL NATURAL DOG TREATS COLO. USA

CURLY BULLY STICKS - LOW ODOR

Ingredients: 100% bull pizzle

Description: A pizzle is cut lengthwise into strips and each strip is curled into a spring shape and then baked.

Recommended for: All life stages of dogs. 5" curlies are best for dogs weighing 30lbs or less, and the 9" and 11" curlies are better for dogs weighing more than 30lbs.

Chew Time: A long lasting chew for puppies and small breeds, a moderately lasting chew for larger dogs.

Sales Tips: This is NOT an odor free bully stick. There is some noticeable odor especially while being chewed. Dogs who are finicky eaters tend to be attracted to stronger smelling foods, so the low odor bully sticks may be a good recommendation for these types of dogs. This is the perfect first chew for a puppy. It's durable enough to keep a puppy occupied for a long time, yet softer than a regular straight bully stick (since it's made out of a strip of pizzle, rather than the entire thickness).

Country of Origin: 5" and 9" curlies are from S. America, assorted curly bites and 11" curlies are sourced from USA.

Other Ways to Purchase: Also available in a 9", 11" length (bulk), and in assorted lengths (3"-5") in an 8 oz bag.

Guaranteed Analysis: Calorie Content (calculated) 3.93 Kcal ME/g; Fat: 5.48%, Crude protein: 79.80%, Crude fiber: 1.61%, Moisture: 14.94%
