ALL NATURAL DOG TREATS COLO. USA

6"-12" CHEWY BULL

Ingredients: Beef esophagus, ground beef bone, beef pizzle, ground rawhide.

Description: This is a beef esophagus (gullet) that has been stuffed with a mixture of ground beef bone, beef pizzle, with ground rawhide as a binding agent. It looks like a bully stick but it's a much softer treat.

Recommended for: 6" Length: Small to medium sized dogs under 30 lbs, 12" Length: Medium to large dogs over 30lbs.

Chew Time: This is a long lasting chew for small breeds, and a quick chew for medium sized dogs.

Sales Tips: Any treat made out of beef gullet tends to be extremely palatable for dogs, so it's a great recommendation for those picky dogs. This chew has a much softer texture compared to a bully stick, so it's good for senior dogs or dogs who are missing a lot of teeth.

Country of Origin: Brazil

Other Ways to Purchase: In bulk, also available in a 12" length.
