ALL NATURAL DOG TREATS COLO. USA

6"-12" GULLET STICKS

Ingredients: 100% beef esophagus.

Description: Shaped like a tubular, hollow chew with a softer and chewy texture.

Recommended for: Small to medium dogs under 30 lbs.

Chew Time: A moderately lasting chew for small dogs, and a quick chew for medium sized dogs.

Sales Tips: This chew is softer and a little easier to digest compared to a bully stick, so it's a great recommendation for customers who are concerned about harder chews or customers with dogs that have missing teeth or other dental problems. This chew is much more palatable than a bully stick, so it's perfect for those picky dogs who are discerning about what they're chewing. In Brazil, beef esophagus is used in human consumption, so the thyroid organ is completely removed before processing - these treats are free from the thyroid hormones.

Country of Origin: Brazil

Ways to Purchase: Available in a 6" or 12" length, in bulk or in 6 oz bags.
